ROCKET

A Glorious New Rose

Four years ago one of the world's great rose hybridizers found a new red rose opening. The bud was exquisite, the color beautiful. The petals slowly unfolded until at last it was open in all its glory. All who saw it agreed that here was a new rose worth while. Three more years of trial confirmed their judgment. So today, we introduce to the Rose Lovers of America, ROCKET. We believe that it is the finest crimson rose. The flowers are large, very double, fragrant and with long, strong stems. Beautiful in bud and when open. A strong, vigorous, hardy bush; very free blooming. A rose for the garden and for cutting. ROCKET is sold exclusively by us. Be the first to have this fine rose in your garden. Order early as we have only five thousand plants, hardy field-grown.

This Spring We Are Saving Thrifty Buyers All Over America Thousands of Dollars

*This is what your dollars bring in Nursery Stock
from Inter-State:*

1. Guaranteed quality stock at reasonable prices.
2. Valuable gifts for ordering early (see page 7).
3. Helpful planting book (worth 25c).
4. 1 Packet Fantasy Zinnia (worth 15c).

*This is what your dollars bring in Seeds
from Inter-State:*

1. Finest guaranteed seed at reasonable prices.
2. 20% extra for ordering early (see page 60A).
3. Complete planting instructions on every packet.
4. 1 Packet Fantasy Zinnia (worth 15c).

This spring with every order for nursery stock and seeds of \$1.00 or more, we are going to give FREE 1 Full Size Packet of Fantasy Zinnia (see pages 52 and 53). Introduced in 1935, it is the most fascinating new flower of many years. Beautiful colors, easy to grow, succeeds in every state.

Valuable Planting Guide Free

Also, we have printed a very helpful Planting Book. It gives you a world of real practical information with many illustrations. It tells you how to plant all the different stock we handle such as roses, shrubs, fruits of all kinds, trees, bulbs, etc. It tells you how to prune, how to water, how to cultivate, how to care for stock over winter, how to arrange shrubs, how many bulbs for different size beds, etc. You would not take dollars for it if you could not get another. The regular price is 25c each. But this spring we are going to give a copy free with every order for nursery stock of \$1.00 or more.

Read Every Page Carefully

Go thru this catalog carefully. Every page offers you honest values. This year nursery stock is scarce in many kinds. We could have made our prices higher but we know there are millions of homes all over America who want to buy nursery stock and seeds and will do so when they can buy guaranteed stock at such reasonable prices. Your greatest surprise as you turn the pages of this book, will be to see that many items are actually priced lower than last year. Other items are priced the same and a few are some higher. This in spite of the fact that nursery stock this year is more scarce and much higher. Just look at our prices. Turn to the back cover. There we offer you what we consider to be the two finest hardy garden lilies in the world. Easy to grow, sure to bloom, magnificent flowers. Yet we price them at 16 for \$2.00, 7 for \$1.00, fine bulbs that will bloom this season. See how we have reduced strawberry prices. Compare the prices of our fruit trees.

Look on page 35 where we offer you 6 Genuine Inter-State hardy everblooming roses for only \$1.55. Roses like those which in 1933 and 1934 took by storm millions of visitors to our official rose garden at Chicago's World's Fair. You are sure to want the wonderful seed offers on pages 52, 60A and 61.

When you order nursery stock, please use blank on page 4B. For seeds, use blank on page 60B. Be sure and read pages 7 and 60A. We give you free, valuable gifts, just for ordering earlier.

From Our Fields Direct to Your Home

We can make these low prices ONLY BECAUSE WE GROW THE STOCK, growing and selling exclusively direct-to-you more fruit trees and general nursery stock than any nursery in America. We own over 800 acres of Marshall Loess loam, the finest soil in Iowa. Also we have stock grown in New York, Ohio, Indiana, Michigan, Missouri, Kansas, Alabama, Texas, California, Oregon and Washington. We grow stock in large quantities and sell it directly to you. Right here we wish to mention that WE DO NOT HAVE ANY AGENTS. We sell only thru this book and over the radio.

Guaranteed Quality

We have tried to make this America's Finest Nursery and Seed Book. We could have used cheaper paper, cheaper inks, cutting off a little here and a little there. But the RESULT WOULD HAVE BEEN A POORER BOOK.

Likewise with our nursery stock and seeds. We could be less strict in our grading (each year we destroy many thousands of trees, shrubs, roses, etc., not up to our standard). We use new methods of propagating which cost thousands of dollars to perfect. We use Mosinee wrapping paper, recognized as the best made. We buy a new process water-proof inner-liner, paying a higher price for it but it protects the stock much better. We even go to Florida for a new packing material for certain things because we have found it better.

America's Largest Direct-to-You Nurseries

Each year our business has shown an increase, even right thru the depression. Last year we frankly admit the orders came in greater volume than we had anticipated, so for a few weeks we were delayed. But this year we have made ample plans for handling a still greater volume promptly.

We are planning for our new plant, the finest, most modern nursery and seed building in America. Special rooms with controlled temperature and humidity for handling nursery stock. Special rooms for seeds. A mammoth building with almost 750,000 cubic feet capacity. We are proud and grateful that it has been our privilege to help hundreds of thousands of homes become better places in which to live. Our entire staff of trained experts are here to serve you.

"The Proof of the Pudding is in the Eating"

It is our honest endeavor to send out the best quality stock. Below we print just a few of the many letters we received in 1935 from every state telling us how well pleased our customers are. It makes us happy indeed to receive these letters. Not for the words of praise alone. But because it brings home to us so forcibly that every time we send out an order, we are helping some family get more pleasure, beauty and satisfaction from life.

This is the fourth order to Inter-State Nurseries this spring. First was the Worlds Fair Rose Collection and then fruit trees and more roses, then lilies and now bulbs. Altogether about \$12.00 worth of nursery stock.—E. L. Holmes, Bluff City, Kans.

I've always found you so honest and absolutely dependable and I never hesitate to tell my friends.—Mrs. John Upshaw, Social Circle, Ga.

You will be interested to know that the Philippine lily bulbs produced wonderful flowers and took first prize in a local flower show. Gladiolus were the best in the neighborhood for size and color.—Mrs. Wm. R. Brown, 5837 W. Ohio St., Chicago, Ill.

We received our shrubs and rose bushes in fine shape, and they certainly are dandies. Such good strong plants. No one could go wrong in sending for them and I sure hope to get some more. My daughter sent for your garden collection and some fruit trees and they were more than pleased, such large packets of seed and fruit trees were such good big trees. I certainly will recommend your rose bushes and other shrubs to my friends as they can't be beat.—Mrs. Roy Rose, Box No. 61, Alta Vista, Kans.

Would you please be so kind as to send me your rose catalog for this year or at least some of your special offers so I can reset my rose garden with your stock? The reason why I shall insist on your roses is because last summer when on an auto trip we pulled into a filling station in a little Kansas town where water for the radiator of our car was a serious demand. To my surprise, I found a rose garden blooming right out there on the drouth burned prairie when mine with water and shade had long since drooped and died. And when I say blooming I mean blooming in a big way, not a straggly blossom here and there. The attendant told me they were from you and had been put out that spring after the drouth had even begun. On one lovely pink rose bush we counted more than forty full blown roses. He said they had counted fifty-six one day the week before. Red, Yellow and even the more delicate white, were blooming equally successfully although not quite so profusely. I hope I have remembered the address correctly. I most assuredly have remembered the phenomenal sight of that rose garden in the little drouth stricken town.—Mrs. Ewing Lawter, 5810 Waltrond Ave., Kansas City, Mo.

Also the roses I got from you were beautiful. I had roses in bloom all summer. I got roses other places but yours are by far the best.—Mrs. Abel Bankson, 2723 Prospect, Sioux City, Iowa.

Thank you for your prompt attention to my recent orders. We are pleased with your service and are calling the attention of our friends to your catalogue.—Mrs. C. D. Royse, Rockville, Ind.

I want to tell you these are the finest plants I ever bought and I have purchased quite a few roses. Have a nice rose garden and I am quite sure you will receive all my future orders.—H. W. Woodruff, 468 Markison Ave., Columbus, Ohio.

I want to tell you that the glads I bought from you this spring are beautiful and every one says they are the largest they have ever seen.—Ethel S. Walker, Box No. 194, Wellsboro, Penn.

I got some everblooming roses from you the last two years and they are beautiful. Everyone is wild over them. Our trees are wonderful and also all the shrubbery.—Mrs. G. R. Brinkena, Venango, Nebr.

Am writing you in connection with the group of 12 roses I ordered from you in the early spring, (Inter-State's Famous Gold Medal Dozen). I have never seen more beautiful flowers produced than we have had all summer long on those bushes.—Mrs. J. Lee Taylor, Erwin, Tenn.

All our shrubs, perennials and our gladiolus were just beautiful. We had dozens of compliments on them and our roses bloomed all summer.—Mr. Arthur Zeppelin, 917 Anker St., Danville, Ill.

We have been buying plants for the past 28 years, and I am more than happy to say, that we had by far the better results in growing them this year than we ever had before.—Henry Luelloff, 2861 No. 24th St., Milwaukee, Wis.

In my twenty years of growing roses I have never had finer plants than the eight Pres. Hoovers, which I received from your firm.—Earl M. Clarkson, Wellington, Kansas.

Was much pleased with bulbs I got of you last fall. Received a number of first prizes at our flower show last May.—Mrs. Chas. R. Kroeger, 40 Hayes St., Norwich, N. Y.

Your stock of nursery goods recently shipped has arrived in excellent condition. I wish to express my appreciation both as to the quality of merchandise you sent out and manner in which it is packed and shipped, and also in regards to your 100% way of taking care of adjustments. I shall always be for you and glad to recommend you to our friends and neighbors who need nursery stock. Mr. B. M. Holt, 526 14th St., So., Fargo, N. Dak.

I was so well pleased with the bulbs I received this week that I am sending you another order for bulbs just like I received.—Mrs. Nica Benton, McAllen, Texas.

The roses that I had you send my mother for Mother's Day are all doing fine, also the raspberries. She is sure proud of her rose garden.—Mrs. R. F. Jencks, 407 E. 6th St., Yankton, S. Dak.

I want to say to you that all of my trees and shrubs grew I received from your nursery last spring. Not alone green with leaves but put on a wonderful growth.—Phil Bubb, West Point, Iowa.

To Make Your Home More Beautiful, More Fruitful

This is your book. Not just a catalog. Not just a commonplace collection of nursery stock and seeds. But a guide to more beautiful, more fruitful homes; to happier, healthier families; to the joy and contentment of living in a lovely home—your home.

Also, it might be called a Buying Guide. We list the varieties which have been tested and found of sterling quality. We have described and pictured them in their natural beauty and colors so that in the quiet of your own home, you can select exactly what you want. The mailman makes us neighbors as we are within twenty-four hours of more than half the entire United States.

We have made our prices right so that this beauty and health, the birthright of mankind, are within reach of all. It has been our honest endeavor to grow the best quality stock, to handle it properly and to sell it at reasonable prices. That is why we have built up the largest Direct-to-You nursery business in America.

We want to express our sincere appreciation to all our

old customers for the fine business they have given us and especially to those who have been so kind as to recommend our firm to their friends and neighbors. The foundation of all successful business is Good Will. We will continue our endeavors to make our firm worthy of the trust and confidence of our hundreds of thousands of customers.

You will enjoy looking thru this book. Whatever you buy from it will be a truly profitable investment. Every tree, every shrub, every flower will bring new beauty to your home. A few cents for seeds will bring you many dollars worth of the finest home-grown vegetables and many thousands of flowers. The value of the roses, shrubs, trees, fruits, bulbs, cannot be measured in mere dollars any more than you can measure a Mother's Love. The joy, the pride, the satisfaction that is yours from a Home framed in restful trees, nestling amid nature's beauties, is without price.

That Friends, is our sincere wish for you: A Home of Health—A Home of Happiness—A Home of Beauty—a Joy Forever.

INTER-STATE'S VALUABLE GIFTS FOR ORDERING EARLY

So many folks wait until the last minute before they send in their orders. This makes it just like a Christmas rush in a big department store. If we get your order early, we can do all the preliminary work such as booking order, writing labels and tags, etc. Then when the time for shipping comes, it is an easy matter to send out your order. Everything is all ready to go. Therefore if you will send us your orders for Nursery Stock reasonably early, you may select **FREE** premiums as per the following schedule—

On orders of \$3.00 to \$5.00, you may select any one of the 12 following Free Premiums.

On orders of \$5.00 to \$9.00, you may select any two Free Premiums.

On orders of \$9.00 and up, you may select any four Free Premiums.

FREE PREMIUMS

- No. 1—2 Regal Lilies, large size.
- No. 2—12 Glads, choicest colors, not labeled.
- No. 3—3 Autumn King Iris.
- No. 4—1 Scorching Climbing Rose.
- No. 5—4 President Cannas.
- No. 6—1 May King Peony.
- No. 7—1 Purple Wisteria.
- No. 8—1 Commodore Dahlia.
- No. 9—4 Rhubarb.
- No. 10—3 Red Russian Lilies.
- No. 11—6 Spirea Van Houtte.
- No. 12—25 Asparagus, Giant Washington.

Thus you have your choice of twelve different Free Premiums. Every one is worth at least 50c. They will be included right with your other stock. Remember that

these Free Premiums are only on orders for Nursery Stock (for free premiums on seed orders, see page 60A).

Suppose your order amounts to \$3.65 (or any amount between \$3.00 and \$5.00) and you want the 2 Regal Lilies as your Free Premium. Then at bottom of your order, write down "Free Premium No. 1." If your order is \$5.50 (or any amount between \$5.00 and \$9.00), then you get any two Free Premiums, alike or different. If you should want the 2 Regal Lilies and 12 Glads, you simply write down "Free Premiums No. 1 and No. 2." If your order is \$9.00 or over, you select any four Free Premiums, alike or different. Just write down the numbers of the Free Premiums you select.

Ordering early helps you because you get these valuable Free Premiums. Also you are sure to get what you want. Later in the season some items will be sold out. It helps us because it spreads the orders out over a longer period instead of bunching up in just a few weeks. We can give you better service.

RED LAKE—A new currant which tests have proven to be the best. Very long clusters of very large berries. Brilliant red. Sweetest flavor. Heavy bearer. Strong grower. Postpaid prices. Each 50c, 3 for \$1.25.

Figure Your Savings

How much do you spend for fruit, both fresh and canned?

A few dollars will bring you enough fruit plants to give you plenty to eat fresh and also for canning, jelly, and preserves. And you know fruit tastes so much better when it is picked fully ripe, right fresh from your own garden. Only a little room is required. Easily taken care of and quickly rewards you so abundantly. Our Select 2 Year plants generally bear **THE FIRST YEAR**. Last practically a lifetime.

FRUIT IS HEALTHY—GROW YOUR OWN

GOOSEBERRIES for pies, jam, sauce

Gooseberries and currants will grow in full sun or partial shade.

CARRIE—Large berries turn red when ripe. Heavy bearer. Almost thornless.

New, Thornless DEWBERRY

A new plant without thorns. Heavy bearer. Large jet black fruit of very fine flavor. Eat it fresh, can it or preserve it. A semi-trailing plant which grows without any support. Ripens ahead of the hot weather. If short of room, you can train them on your back fence. Pictured at left. Postpaid Prices:

6 for 50c; 15 for \$1.00; 25 for \$1.50; 100 for \$5.00.

LUCRETIA DEWBERRY—A well-known, high quality fruit. Sweeter, juicier, larger than blackberries. We send you strong transplanted bearing size plants. Postpaid Prices: 5 for 50c; 12 for \$1.00; 25 for \$1.75.

Allow me to say that plants I have received from you in the past have been better plants, better packed and all around more satisfactory stock than I have ever received from any other nursery.—Mrs. Geo. E. Rudell, 1725 Home Ave., Columbus, Ind.

My neighbors comment on what a wonderful growth my grapes, youngberries and shrubbery has made. You will certainly get my next order.

Mrs. Ruby Pitzer, Mt. Pleasant, Iowa.

LATHAM GIANT RED RASPBERRY

LATHAM—The fruit is larger than pictured, many are an inch long. Real red raspberry flavor. Delicious. Firm and solid, not mushy. Delicious eaten fresh and makes the finest preserve, jam and sauce. Strong vigorous grower, bearing enormous crops. Does well North, South, East, West. Most popular raspberry. We send you **SELECT No. 1** plants, the finest grown, which almost always **BEAR THE FIRST YEAR**. Postpaid.

Youngberry

NEW DELICIOUS YOUNGBERRY

This new fruit, a cross of the Loganberry and the Dewberry, is sweeping the country like wildfire. It has such a wonderful flavor, delicious to eat fresh and makes the finest sauce you ever tasted. The fruit is very large, a handsome dark wine-red color, tender, juicy, richly flavored, no hard core. A tremendous bearer. No other fruit has become so popular in such a short time. North of Missouri it should be covered over winter. This can easily be done with straw, leaves and a little dirt. We honestly tell you that it is a wonder fruit. Try it, you will like it. Asparagus that melts in your mouth

Genuine Giant Mary Washington

This is an improved strain of the Mary Washington, and we can recommend it as being the finest of all asparagus. It produces very large stalks, and they keep right on coming up, lots of them, for almost three months. They are extremely tender and do not get tough early as so many varieties do. They have the most delicious flavor. Rust-proof and will last a lifetime.

In every garden there is room for some asparagus. Just a little space in the garden or along the fence row or in front of a shed. You know how good fresh, home grown asparagus tastes. Also it is very rich in minerals and vitamins; so it is very healthful. We recommend planting the large size plants, as they will give you quicker results. Very easy to grow. Planting instructions sent with every order.

You can make money growing asparagus to sell. It brings good prices. A space of ground 35 feet square is enough room for 250 plants. Notice our low prices, possible because we have almost a million plants, the finest you ever saw. Plant a big bed this spring. Enough for your own use and some to sell.

GRAPES

Most Dependable of all Fruits

AMERICA'S FINEST GRAPES

Every home, in city or country, should have some grape vines. They are the most dependable of all fruits, bearing every year, and they last a lifetime. They can be used in so many different ways; fresh, jellies, jams, sauce, grape juice. They are wholesome, healthful and appetizing. They give you pep! They grow in almost any soil and climate, do not require much room. You can plant them along the fence line, on arbors or trellis.

Inter-State's Select 2 Year Vines Will Bear Next Year

When you plant the vines, you want fruit as soon as possible. Therefore, we recommend that you plant our select 2 year vines. They will bear next year after planting. When you get these vines and see what fine tops and marvelous roots they have, you will agree with us that they are the finest grape vines in America.

THE OLD FAVORITES

AGAWAM—A large dark red grape, with rich aromatic spicy flavor.

BETA (Wine Grape)—Hardest of all grapes and a very strong grower. Medium size black fruit with a tang like the wild grape. Bears young and heavily. Fine for arbors.

DELAWARE—Red. Fruit not large but highest quality.

LUCILE—A very fine red grape, large size, fine flavor, heavy bearer.

MOORE'S EARLY—Black. Ripens 2 weeks before Concord.

NIAGARA—Very popular white grape because the large fruit has such a delightful flavor. Heavy bearer.

WORDEN—Ripens between Moore's Early and Concord. The large black fruit is of highest quality.

NEW EXTRA CHOICE GRAPES

CACO—We consider this the best hardy red grape. The fruit is very large, rich and sugary, with a delicious melting flavor. It is hardy, a vigorous grower, and bears young, heavily and regularly. Ripens in August.

FREDONIA—A new grape which grape experts say will become the leading black grape in America. It ripens very early, 10 days before Moore's Early. The bunch and berries are large with a juicy, delicious flavor. Vigorous grower and very productive and hardy. Be sure and plant some.

PORTLAND—This grape will be in every one's garden as it becomes better known. Earliest of all grapes to ripen. The fruit is large, white, with a spicy luscious flavor you certainly will like. Very productive and hardy. It bears here every year.

We have made our prices on these 3 fine new varieties so low that every home can now have them in their garden.

Inter-State Giant Mastodon

Starts Bearing 90 Days After Planting, Continues Until Late Fall

Inter-State Genuine Giant Mastodon is the most popular everbearing strawberry, planted all over America, making good everywhere. Our strain produces enormously large berries of fine flavor. Just think—you plant this spring and pick lots of great big luscious berries this summer and fall.

Next year, they will bear spring, summer and fall. Perfect flowering. **ORDER EARLY. PLANT EARLY.**

Grow your own strawberries at a cost of less than 1c a quart. Plant strawberries early, just as soon as you can plant. Some varieties make too many runners. Let only enough runners set to make 4 to 6 new plants to the square foot. This way you will get more and larger berries. Our strawberries are grown only for the plants and not for fruit. This means you get only young, healthy, vigorous plants.

"This is Mrs. Rose Jackson writing you from Canton, Ohio to let you hear from the strawberries I bought from you. Well, I got them last Spring and this Summer I got 80 quarts off of plants and on the 13th of this October, 1935, we got 1/2 quart and there are lots of green berries on the vines yet," Mrs. Rose Jackson, 935 Madison Ave. S. E., Canton, Ohio.

Blakemore

"POLLY"

TWO WINTER-PEACH

Bears Every Year

Polly was originated by the Experiment Station of Iowa State College, Ames, Iowa. It was sent to Mr. J. W. Carter, one of Iowa's leading orchardists. It started bearing in 1920 and bore a full crop EVERY YEAR FOR TWELVE YEARS. Then by mistake the original tree was destroyed. However some young trees had been propagated from the original and these young trees have been bearing for several years. Even in the terrific drought of 1934 these young trees produced a good crop of exceptionally fine fruit which was sold right at the orchard for \$2.00 a bushel to customers who had placed orders ONE YEAR IN ADVANCE.

FOR NEARLY TWENTY YEARS Polly has been tested. Every winter it has withstood below zero weather, 10, 15 and 20 below zero. NEVER ONCE has it shown the least sign of winter injury.

The tree is a healthy, very vigorous grower of semi-spreading upright form with strong branches. It is a very heavy bearer. The fruit is large, beautifully blushed. A perfect freestone, ripening a few days before Elberta. The flesh is white, juicy but firm and full of the richest, most luscious flavor. All who have been fortunate enough to taste Polly agree that it is the finest peach they ever ate. When canned it stays firm and you ladies know this makes the sauce look so much nicer. Polly is best for home use and local markets as it will not stand long shipping.

You folks living in the north even where it gets as cold as 10 to 20 below zero can now raise your own peaches. You folks who live farther south, plant Polly and find out what a great peach it is. We honestly tell you it is the **FINEST WHITE PEACH.**

We have only a few thousand trees so send in your order early. Plant this spring and in a few months you will write and thank us for telling you about Polly. Polly was introduced exclusively by Inter-State Nurseries in the spring of 1934. **WE ABSOLUTELY GUARANTEE TO SEND YOU THE GENUINE POLLY.**

INTER-STATE NURSERIES

"Sungold"

NEW HARDY PEACHES

**Sold Exclusively by
Inter-State Nurseries**

In 1920, Melvin, the young son of Mr. and Mrs. W. H. Kirstein, Des Moines, Iowa, planted a sprouted peach pit. Little did he or his parents then realize that this peach would one day revolutionize peach growing.

For 15 winters this tree has gone thru BELOW ZERO temperature, 10, 15, even 22 below zero and bearing full crops the following summers. We know of no other yellow peach in all America which has made such a record. Moreover, young trees propagated from the original also have gone thru 20 below zero and bearing good crop following summer. NEVER HAS "SUNGOLD" SHOWN THE LEAST SIGN OF WINTER INJURY. The original tree right there in the northern part of Des Moines, Iowa, has NEVER MISSED A FULL CROP SINCE IT STARTED BEARING.

The peaches are very large, free-stone, yellow skin beautifully blushed with red. The flesh is golden yellow, full of juice and the richest, sweetest flavor, exceptionally fine quality. It is very firm and colors early. It will be a great commercial peach as it will stand shipping. It ripens several days before Elberta. The tree is a strong, stocky grower, well-branched, with healthy dark green foliage.

Compared to Elberta, Sungold is much larger, better colored, very much finer quality and far hardier. It lives and bears where Elberta dies. Compared to J. H. Hale, Sungold is larger, equal or better in quality, far hardier and it is self-pollenizing so will produce far more fruit.

"SUNGOLD"

Plant
Patent
Applied for

We all know how delicious are home grown peaches. We have always wanted them but in the past the varieties we had, have been uncertain in bearing. Now this is all changed. Plant Sungold and YOU WILL HAVE PEACHES. If you have only a little room, plant a few trees. If you have more room, plant more trees and sell the fruit at good prices. Sungold because of its LARGE SIZE, BEAUTY and FINE FLAVOR will bring TOP PRICES. Sungold will make peach growing profitable.

It is a great peach for all the United States. Excepting those few states where the temperature every winter goes to 25 and 30 below zero for long periods, we believe Sungold will thrive in all other states. We recommend it to those in the north who heretofore have been unable to grow peaches regularly and profitably, because they got a crop only now and then. We also recommend it to those farther south, because of its GREAT SIZE, BEAUTIFUL COLOR and HIGH QUALITY, its firmness and its extreme vigor, health and hardiness. It is an extremely good bearer. You can get SUNGOLD only from INTER-STATE NURSERIES. We have only a few thousand trees so order early.

In fact, it has never missed a crop and has suffered no injury from the extreme Iowa cold weather, even the winter of 1924 when the temperature was down to 22 degrees below zero. The quality is just fine, tender and juicy and deliciously sweet."

The flavor and sugar in peaches are put there by nature the last thing; so, to be at their best, they should not be picked until they are fully ripe. You will never know how good peaches can taste until you pick them fully ripened from your own trees. The price of just one bushel of peaches will pay for enough trees to bear many, many bushels of deliciously flavored home-grown peaches. They need but little room, are easy to grow. Our Iowa-grown budded peach trees are hardy and bear young.

VARIETIES

We have listed the peaches in their order of ripening. Mayflower ripens here early in July, about two months before Elberta.

MAYFLOWER—First to ripen. Almost frostproof because it blooms so late. Red all over, semi-cling, good quality, good size.

RED BIRD CLING—Big handsome cling peaches.

ROCHESTER—Large, yellow blushed red. Yellow flesh, fine flavor, free-stone. Very hardy.

CHAMPION—Large creamy white with red cheek. Free-stone. Flesh is white, juicy, sweet, very high quality. A heavy bearer and exceptionally hardy. Excepting our two new peaches, it is the best peach for home orchard.

SOUTH HAVEN—Large, yellow with blush. Yellow flesh of exquisite flavor. Free-stone. Hardy.

CRAWFORD EARLY—Large, bright yellow with blush. Yellow flesh, juicy, sweet, fine flavor. Free-stone.

EARLY ELBERTA—Large golden yellow with red cheek. Yellow flesh, firm, juicy, luscious flavor. Hardier than Elberta. Free-stone. Very popular.

CHINESE CLING—The best hardy, yellow cling peach. Large size, yellow flesh, good bearer.

J. H. HALE—Very large, golden yellow blushed red with fuzzless skin. Flesh is yellow, solid, tender, of highest quality and delicious flavor. Very fine. Free-stone.

ELBERTA—Everybody knows this red and yellow peach which fills millions of fruit jars every year. Free-stone.

CRAWFORD LATE—Large, yellow with blush. Free-stone. Yellow flesh, firm, juicy. Very hardy.

MAMMOTH HEATH CLING—Best, most popular white cling.

We can also furnish **Golden Jubilee** at 7c per tree above the regular prices.

Large Montmorency, the great canning cherry

EARLY RICHMOND (May Cherry)—The favorite early cherry. The fruit is bright red, juicy and of delicious flavor. It is a strong grower and heavy producer. This is the cherry which makes the boys and girls (and older folks, too) climb the trees in early June.

ENGLISH MORELLO—Bears younger and heavier than any other cherry. Fruit is good size, almost black and sprightly acid. Succeeds in dry sections where others fail. Fine for whole cherry pickles, preserves and canning. Ripens in July after others are gone.

LARGE MONTMORENCY—The most widely planted cherry. Does well everywhere. Bears large crops regularly, ripening 10 days after Early Richmond. The fruit is large; flesh firm and very fine flavor.

SWEET CHERRIES

YELLOW GLASS—Here is a real sweet cherry that bears regularly here at Hamburg where we get as cold as 25 below zero. The fruit is large, golden yellow; flesh is firm and the most delicious sweet flavor. It is by far the best hardy sweet cherry. It makes a fairly large tree which is beautiful enough to deserve a place right in your front lawn or parking.

GOLD—We believe this is the same as Yellow Glass.

BELLE MAGNIFIQUE—The best hardy red sweet cherry for the middle west.

BLACK TARTARIAN—Large purplish black cherry of finest flavor. Does well in the east.

Pears

Delicious • Easy to grow

Pears do fine planted in sod in the yard. As they grow upright, they do not need much room. It is best to plant more than one variety so they can cross-pollenize. We bud our trees on hardy pear stock and we have never seen trees with such fine roots as we produce here. Pears should be picked before they are entirely ripe and put in a cool, dark place to ripen.

Patten, our most popular pear

BARTLETT—The leading summer pear. Large, yellow with blush. Juicy, sweet, high quality.

DOUGLAS—A fall pear that originated in Kansas. It bears very young, generally the next year after planting. Hardy, heavy bearer and considered almost blight proof. Fruit is large, yellow with blush. Flesh is white, tender, juicy.

DUCHESS—A fine fall pear. Bears young. Fruit is very large, greenish yellow, russet spotted. Fine quality, rich and juicy.

KIEFFER—The most widely planted winter pear. If the fruit is picked before it is ripe and put in a cool dark place to ripen, it ripens into a fine flavored pear. Extra good for canning. Bears young and heavily.

LINCOLN—A good, large, yellow, late-summer pear which bears young and heavily and is delicious for eating and canning. It is very blight resistant.

MENDEL—A new pear from Minnesota. We consider Patten a better pear, except that in North Dakota Mendel might be better.

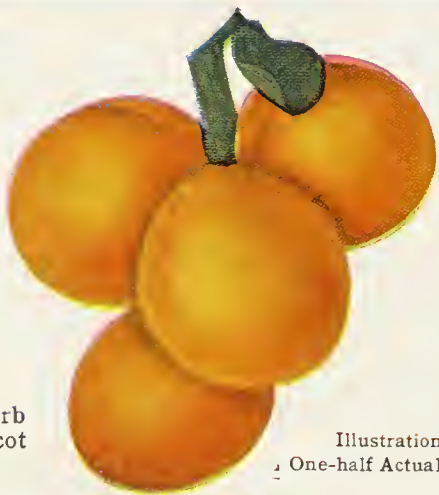

PATTEN—This is our best pear. It is very hardy, growing in Minnesota and the Dakotas. We have never heard of any being killed by blight. Fruit is greenish yellow, large, keeps well. Wonderful flavor, juicy. Bears young and heavily. Ripens in August.

SECKEL—Called the Sugar Pear because of its sweet flavor. Fruit is not so large but very highest quality. Hardy, blight resistant, bears young and heavily. Ripens in late summer.

Seckel, the sugar pear

HARDY APRICOTS

Superb Apricot

Illustration
One-half Actual Size

Who does not like apricot sauce and preserves? They ripen right after cherries and just before the early peaches. If you can, plant them on a northern slope. They are easy to grow. The late frosts may catch the blooms sometimes but my gracious, the trees do not require any special care or attention. They are easy to grow. And home-grown, tree-ripened apricots are one of the most delicious of all fruits. Plant some in your back yard.

SUPERB—This variety, originating in Kansas, we consider the best for the middle west. It is hardy, very productive, and bears when the others fail. The fruit is medium size and very fine quality.

We can also furnish Chinese and Moorpark. Moorpark is planted in the fruit districts in the west but is not so good in the middle west.

INTER-STATE *Plums* Will Bear Next Year

We list here the best, thoroughly tested plum varieties. America, Compass, Kaga, Opata, Sapa, Underwood and Waneta can be grown all over America. Blue Damson is liked in the central states. Green Gage is planted in the eastern and central states. The way to get big plum crops is to plant several varieties together in a group so they can cross-pollenize. Compass and Kaga are good pollenizers.

AMERICA—Large, beautiful, delicious plum, yellow shaded red. Bears heavily at early age.

BLUE DAMSON—The hardy blue plum which makes such wonderful preserves.

COMPASS—Commences bearing next year after planting. Bears heavily every year. The red fruit is juicy and makes fine sauce. Very hardy. Grows everywhere.

GERMAN PRUNE—Our best prune-plum.

GREEN GAGE—Sweetest eating and canning plum. Large. Good bearer. Greenish-yellow.

IMPROVED WILD GOOSE—Bears regular crops, large, juicy red plums. Makes fine, beautiful jelly.

KAGA—Most richly flavored of all plums, a plum-apricot flavor. You seldom can any because they are so good you eat them fresh. Very hardy, grows everywhere. Large, firm, purplish-red.

LA CRESCENT—Best hardy yellow plum.

OPATA—Purplish-red plums with green flesh of spicy flavor. Ripens in July. Bears next year after planting. Very hardy. Grows everywhere. Good bearer.

SAPA—Medium to large size purple plum with purple flesh full of rich juice of fine flavor. Ripens a few days after Opata. Very fine for canning. Bears next year after planting. Bears heavy regular crops. Does well everywhere, North, South, East, West.

UNDERWOOD—Bears immense crops of large red plums of fine quality. Ripens in August. Very hardy. Planted all over.

WANETA—Our most popular plum. Generally bears next year after planting. Fruit is very large, reddish-purple, good quality. Ripens in August. Planted all over America.

I ordered some trees in an order with H. G. May and I want to tell you they are the nicest and best trees I have ever seen. I have two trees that I paid \$1.50 a piece for and they are nothing compared to these.—W. M. Parker, Hillcrest Ave., Route No. 2, Roanoke, Virginia.

Famous INTER-STATE FRUIT TREES

GROW YOUR OWN FRUIT

SUPPOSE YOU MEN HAD TO PREPARE THREE MEALS EVERY DAY! Then you would realize how much it helps and also HOW MUCH IT SAVES when you have plenty of home grown fruit. There are so many ways to use fruit. What is more delicious than fresh fruit picked from your own trees when it is fully and naturally tree-ripened! Children need fruit at home and in their school lunches. Apple and peach cobblers are twice as good when made from your own fruit. Lives there a man (or woman or youngster) who can resist a piece of fresh apple or fresh cherry pie? What makes finer sauce than home grown peaches? And good old fashioned apple butter with cinnamon and all the rest that makes it so good. Wouldn't it be fine to have a dish of Winesaps on the table right now?

Everyone knows how healthy and wholesome fruit is. Every one of you ladies know how much better home grown fruit tastes, how much better it is for sauce, jam, preserves. Also you know how much you are now spending for fruit THAT YOU MIGHT JUST AS WELL GROW YOURSELF. When you depend on buying fruit, you generally will not use as much as you would like to have because it costs so much. BUT YOU CAN GROW IT YOURSELF AND HAVE ALL YOU WANT.

Notice these collections contain the very best varieties—the most popular apples, the finest cherries and those two wonderful new peaches, Polly and Sungold.

Here is a liberal fruit supply for a lifetime at the cost of only a few bushels of fruit. You will have FRESH FRUIT almost ALL YEAR and plenty to can. The Early Red Bird apples ripen in early summer. Then comes the Red Duchess and you can use them for weeks until you start using Wealthy. Then comes the early winter apples like the Solid Red and Yellow Delicious, followed by Jonathan. Then the Winesap and York Imperial for late winter and in fact they will keep almost until the cherries and the Early Red Bird apples get ripe again.

Suppose we came and offered to sell you 2500 bushels of apples, sixty or more bushels of cherries and sixty or more bushels of peaches and deliver them to you so many bushels each year for the next 25 to 50 years. That is exactly what planting this orchard means. And it costs you only \$6.95 or \$5.25 for the trees—one-fourth cent per bushel. Can you AFFORD NOT TO PLANT?

PLANT THIS SPRING AND IN TWO SHORT YEARS YOU WILL COMMENCE PICKING

If we did not grow these trees ourselves, we could not possibly sell them at this low price. Plant this spring; they grow while you work, while you sleep. The sooner you plant, the sooner you pick fruit. The peaches generally bear the second year, cherries and early apples the third year. And soon the entire collection will be in full bearing and each year you should ordinarily get over a HUNDRED DOLLARS WORTH OF HOME GROWN FRUIT. Where else can you spend three, four, five or seven dollars that will bring you such great returns? Planting one of these collections this spring, will help solve the living problem for many thousands. It will save actual money. It will mean BETTER HEALTH, HAPPIER FAMILIES.

INTER-STATE NURSERIES

Grow and Sell More

NURSERY STOCK

Direct-to-You

THAN ANY OTHER NURSERY

We have become America's Largest Direct-to-You Nurseries because:

1. We produce high quality stock.
2. We sell this stock direct-to-you at reasonable prices.

Picture No. 1 shows two fields of peaches. Right in front is Polly, the finest hardy white peach. In the upper field is Sungold, the super-hardy yellow peach. Our Iowa-Grown budded peaches are hardy and bear young.

Did you ever see finer cherry trees than those in Picture No. 2? Just notice how healthy and vigorous they are. These trees grow and bear young. Large Montmorency right in front, Early Richmond to the left. We have three other cherry fields.

Picture No. 3 is a general view of a field containing almost 500,000 apple, cherry, pear and plum. Trees like these have made Inter-State Fruit Trees known the country over. The house in the background is a mile away.

In Picture No. 4, you see one of our six fields of apple. These trees are propagated by new methods which cost thousands of dollars to perfect. In a few years these trees will be producing fine apples for Inter-State customers all over the nation.

These pictures show the very trees which will be sent out this spring. We wish you could hold some of them in your hand so you could see the fine tops and, most important of all, the wonderful root system. The World-Famous Marshall Loess soil of our farms of over 800 acres produces nursery stock of superior quality, hardiness, health and vigor. This soil is very rare, found in a few limited areas in America, along the Rhine and in China.

We do not have room to show fields of shrubs, shade trees, peonies, strawberries, asparagus, etc.

Grown Right, Handled Right, Priced Right, and Sold Direct-to-You.

INTER-STATE—One of America's Greatest Growers of Fruit Trees

1. Home Grown Peaches from These Fine Trees in 2 Years

2. Enough Trees Here for 250,000,000 Cherry Pies

4. 100,000 More Inter-State Superior Apple Trees

3. Nearly 500,000 Apple, Cherry, Pear and Plum Trees

INTER-STATE'S *Hardy Hedges* for Beauty, Privacy and Protection

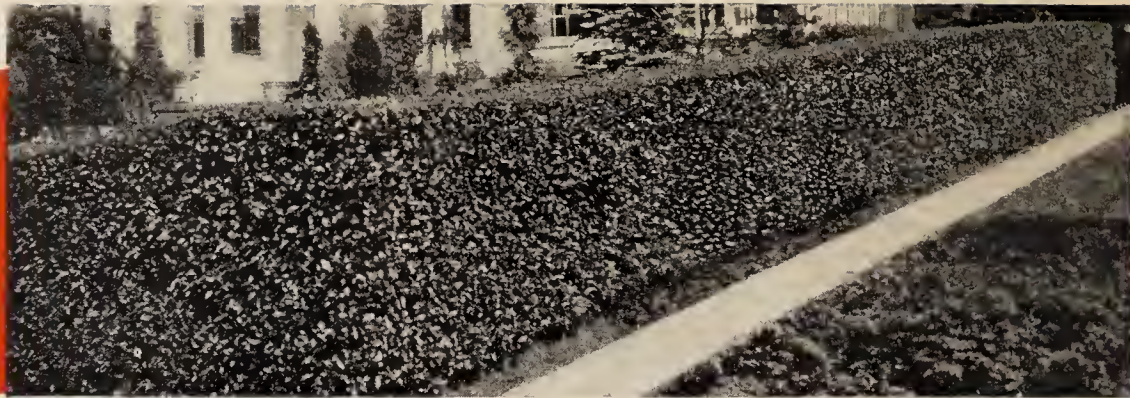

A friendly, living hedge will give a touch of privacy to your home, yet it will not interfere with the view. Beautiful along walks, driveway and lot lines. Each passing year adds to its beauty. Our plants are grown especially for hedging. They are hardy, stocky, well-branched and nicely rooted. They will give you quick results. If you want a good tight hedge, plant one foot apart. With each order we send planting instructions telling how to make the best hedge.

CHINESE ELM—Grows Like Magic. In China, its original home, it has been used as a hedge for centuries. It can be kept trimmed to a medium height hedge or a taller screen. Makes an immense number of small twigs, just full of leaves. Therefore when trimmed it makes a very compact, dense hedge. Perfectly hardy and planted in every state. Grows so rapidly that it will make a hedge in just a few months. The more you trim it, the bushier it gets. As it becomes known, we believe that it will be planted for hedging by the millions. **HARDY, BEAUTIFUL, FAST GROWING AND PRICED VERY LOW.**

HARDY RUSSIAN PRIVET (Amoor River North) 100 for \$5.00

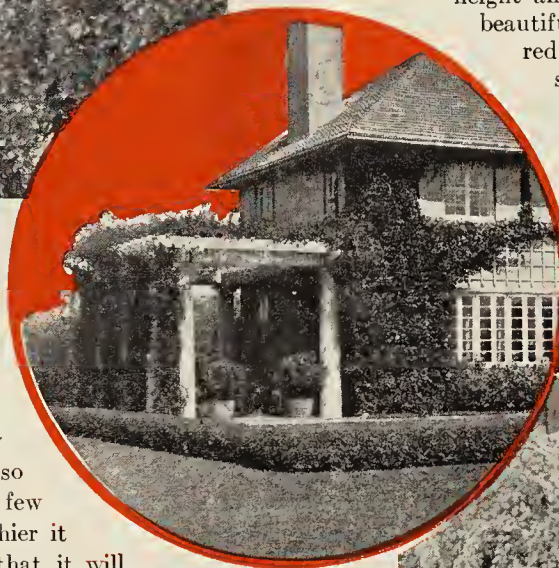

Pictured above. This is the most widely planted hardy trimmed hedge. The shiny leaves hang on late in the fall. Makes a fine trimmed hedge any height you want. This hedge is hardy but California Privet is not hardy (that is why we do not list the California). This hardy privet hedge adds a distinguished touch to any yard.

BARBERRY, RED LEAF—The brightest of all hedges. The leaves are rich, lustrous bronzy-red, becoming more brilliant thru the summer and fall. Has red berries thru the winter. It naturally makes a dense, rounded hedge 2 to 3 feet tall but can be trimmed to any desired height. Plant in full sunlight to develop full color. Pictured on page 46.

HONEYSUCKLE, TARTARIAN—Makes a fine tall hedge or screen, growing 8 to 10 feet tall. Pink flowers in May followed by great clusters of orange and red berries. It can also be trimmed, making a good medium height hedge. Grows in sun or partial shade. Especially fine for drier parts of Kansas and Nebraska. Grows everywhere. Pictured on page 46.

MULBERRY, RUSSIAN—A quick growing economical hedge

BARBERRY, JAPANESE (Thunberg's)—Pictured in center circle. A very popular low growing hedge. If not trimmed, it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide. But it can be trimmed to any desired height and width. Foliage is bright green, turning to a beautiful orange-scarlet in the fall. All winter the bright red berries gleam along the branches. Grows in sun or partial shade. This is the rust-free variety which can be planted everywhere. If there is a corner of your yard where people "cut across," plant some of these and they will stop it.

SPIREA HEDGE 100 for \$5.00

SPIREA VAN HOUTTE (Bridal Wreath)

We consider this to be the best plant for a hedge, whether you wish a medium tall untrimmed flowering hedge or a low trimmed hedge. It makes the most beautiful flowering hedge. When trimmed, it makes a dense, bushy hedge hugging the ground closely. It is absolutely hardy, easy to grow and grows everywhere, in sun or partial shade. For a natural hedge, set 2 feet apart. For a trimmed hedge, set 1 foot apart

AS you turn to this page, you are introduced to ROSE HEADQUARTERS, Hamburg, Iowa, the home of Inter-State Nurseries, who for two successive years, 1933 and 1934, were chosen to plant and exhibit the Official Rose Garden at Chicago's World's Fair, as America's Rose Representative.

Millions marveled at this beautiful sight and wondered how such marvelous roses could be grown in a section which was believed to be so unsuited for rose growing. You, too, can grow roses. Read some of the letters on pages 5, 27 and 28. From the North, the East, the South, the West, we have files full of letters telling us of the great success of Inter-State Roses.

Roses just like those which took the World's Fair throngs by storm, are ready for shipment at the proper time at prices that will please you. Everybody loves roses, the Queen of all Flowers. We want every home to enjoy their beauty, their fragrance, their loveliness.

We are taking the lead in making this possible.

We endeavor to put into Inter-State Roses the utmost value, a value that you realize more fully when you see the strong growth, the generous bloom, the magnificent colors. This leadership in value means leadership in sales.

We can offer you these finer roses so reasonably because we sell them in such tremendous quantities, selling Direct-to-You **MORE ROSES THAN ANY NURSERY IN AMERICA.** The reasons for our large, constantly increasing rose business are—

1. Our roses are hardy, vigorous plants which for two years have been grown right out in the open fields. We do not handle "Bench roses" which are simply old rose plants discarded by florists after being forced in the greenhouse for two years or more. Nor do we handle the small, green, immature, own-root plants which are started from small cuttings in the greenhouse in the winter and sent out in the spring. Both of these type roses can be sold very cheaply, **BUT THEY POSITIVELY ARE NOT AS SATISFACTORY AS TWO YEAR FIELD GROWN PLANTS.**

2. Our rose growers are considered the best in America. Our roses are low budded on selected, superior strains of root stocks which produce hardy, strong growing plants that bloom freely. Our growers also have developed a method so that our plants rarely sucker from the roots.

3. We sell the newer varieties as well as the old favorites. We send complete planting instructions so that even the youngest bride who has never planted a rose, can plant with success.

We show a partial view of only one out of ten fields of Inter-State Roses. These plants will go into every state and their glorious blooms will bring beauty and joy to untold thousands.

YOU CAN SECURE ROSE SATISFACTION THIS SPRING BY PLANTING INTER-STATE ROSES.

INTER-STATE'S CHOICE ROSES

Here is a fascinating selection of glorious roses from one of the World's great rose firms, offering almost 500,000 plants in 127 choice varieties. Each year tens of thousands join the host of rose lovers who buy from this dependable list of Hardy Everblooming Roses. We believe that nowhere else in all America can you select from such a complete and choice list of varieties at such low prices. These roses will commence blooming a few weeks after planting and continue thruout the season.

This spring we offer you two sizes of rose plants. Both are strictly hardy, 2 year field grown plants. The 2 year No. 1, First Quality Selected plants are the finest it is possible to grow. These plants have made Inter-State Roses famous all over America. You cannot buy better plants.

The 2 year standard size is a smaller plant. This is the same size rose that is used by most firms who merely describe their roses as 2 year field grown. These are a great value at their lower price, for they are GENUINE INTER-STATE ROSES and will also bloom this summer. You have your choice of exactly the same varieties as offered in the No. 1 plants.

GRENOBLE—Choice, new scarlet-crimson. Probably never before offered at such a low price. See page 30.

GRUSS AN TEPLITZ—The great bedding rose. Brilliant scarlet, very hardy, always in bloom.

HEINRICH WENDLAND—Large flowers of orange, copper and red.

HUGONIS—A mass of bright yellow blooms in early spring. Perfectly hardy, grows 5 feet tall so plant among the shrubs.

IMPERIAL POTENTATE—Large size, excellent form, clear pink, fragrant, free blooming. A really fine rose.

INDEPENDENCE DAY—A brilliant orange copper rose, always in bloom. See page 30.

J. J. L. MOCK—Enormous blooms of deepest pink.

JOANNA HILL—Very fine, free-blooming yellow rose. Fragrant, extra fine for cutting. See page 31.

K. A. VICTORIA—Absolutely perfect blooms of ivory white.

LADY HILLINGDON—Deep apricot yellow.

LA FRANCE—The oldest Hybrid Tea rose. Deserves planting because it is always in bloom, the lovely pink flowers are so extremely fragrant and the plant is so hardy, healthy and vigorous. It stands abuse and neglect. See page 31.

LORD CHARLEMONT—Very handsome scarlet rose. See page 31.

LUCIE MARIE—A new rose of buttercup-yellow flushed apricot.

LUCILE RAND—Fine new rose with large, fragrant flowers of orange-carmine. See page 31.

LUXEMBURG—A well known rose, yellow shaded copper.

MARGARET McGREDY—This was the most popular red rose in our World's Fair Rose Garden. Always in bloom, a thrifty, healthy, vigorous grower. The lovely blooms of brilliant orange-scarlet are shown on page 29. One of the finest of all roses.

McGREDY'S IVORY—A magnificent white rose.

MEV. G. A. VAN ROSSEM—An exceedingly fragrant rose of orange and bronze, beautifully veined. A rose that is different. Fine for cutting. See it on page 33.

MISS ROWENA THOM—Very large blooms of satiny pink shaded flame. See page 31.

MME. ALBERT BARBIER—Apricot tinged shell pink.

MME. BUTTERFLY—An old favorite with fragrant flowers of light shell pink. Free blooming.

MME. ED. HERRIOTT—Its striking flowers of brilliant orange-flame are freely produced. See page 31.

MME. JULES BOUCHE—A wonderful rose, glistening white shaded blush at center. Always in bloom. Strong, vigorous. See page 29.

MME. NICOLAS AUSSEL—A new, intensely fragrant rose with large flowers of salmon, carmine and gold. See page 30.

MRS. CHARLES BELL—This exquisite, fragrant, shell pink rose should be in every garden. Free-blooming, vigorous. See page 30.

MRS. E. P. THOM—A rose so worthy that we put it in our Famous Gold Medal Collection (page 33). Free-blooming, unfading clear yellow. A grand rose.

MRS. HENRY BOWLES—Turn to page 33 and think how lovely this fine pink rose would look in your garden and on your table. Exceptionally free-blooming. Flowers come singly on long stems. Our favorite pink rose.

MRS. LOVELL SWISHER—On page 29, you will find this rose pictured. It produces so freely immense flowers of light salmon pink on long stems. Very vigorous and healthy. Fine for garden and cutting.

MRS. PIERRE S. DU PONT—Both in 1933 and 1934, this was the favorite rose in our Chicago's World's Fair Rose Garden. It has won more medals as an outdoor rose than any other variety. From early summer until freezing, it is a glorious sight with its rich golden yellow flowers which do not fade.

OLYMPIAD—Blazing scarlet toned orange.

PATIENCE—Beautiful bright pink shaded orange and scarlet.

PAUL NEYRON—Well known, immense pink flowers.

PRESIDENT H. HOOVER—This magnificent rose is pictured on page 32. It is recognized everywhere as being one of the finest of all roses, worthy of a place in every garden. A glorious cerise toned orange, yellow and scarlet. Richly perfumed and free-blooming.

PRINCE FELIX—A new, hardy, bright scarlet rose.

RADIANCE—The great American pink rose. Planted everywhere because it makes good everywhere. Fragrant blooms all summer. See page 30.

RADIANCE RED—The favorite red rose of millions all over America. Hardy, healthy, free-blooming. See page 31.

ROMANCE—A very promising new bright yellow rose.

ROSLYN—A new rose, yellow shaded orange. See page 31.

SENSATION—All summer it produces its large, fragrant flowers of deep red on strong stems. A dependable rose. See page 29.

SOEUR THERESE—New, vigorous, free-blooming, fragrant yellow. The buds are simply exquisite. See page 30.

SOUV. D'ALEX. BERNAIX—Very fine dark red rose.

SOUV. DE CLAUDIUS PERNET—A pure yellow rose.

SOUV. DE GEORGES PERNET—Magnificent large blooms of nasturtium-red. See page 31.

SOUV. DE MME. CHAMBARD—An exceptionally fine new rose of sparkling pink.

TALISMAN—We put this rose in our Mother's Collection on page 29 because in the few years since it was introduced it has swept the country like wildfire. Flowers of brilliant red, gold and orange are freely produced all season.

VILLE DE PARIS—This fine yellow rose pictured on page 31.

W. E. CHAPLIN—A very fine new red rose.

WHITE ENSIGN—Ranks with the best white roses.

WILLOWMERE—An improved Los Angeles. Shell pink tinged salmon. See page 31.

Everblooming Baby Roses (Polyantha)

These roses are very hardy, growing everywhere and requiring very little care. They are especially fine for solid beds and for borders. Plant a border of them around your regular rose bed. Also ideal for cemetery planting because they are so easy to grow and bloom so freely. In fact, they are constantly in bloom from early summer until freezing. If you think you can't grow roses, plant some of these. All will bloom this summer. They grow only 18 inches tall.

CECILE BRUNNER—The Sweetheart rose. Light pink.

CHATILLON—The finest low growing Baby. Great heads of vivid pink flowers all season. Exceptionally fine.

ELSE POULSEN—See page 34.

GLORIA MUNDI—Huge clusters of brilliant orange-scarlet.

GOLDEN SALMON—Scarlet-orange overlaid gold. Choice.

KIRSTEN POULSEN—Grows 3 to 4 feet tall. Covered with medium size, cherry red single flowers all summer. Makes a wonderful blooming hedge.

LAFAYETTE—Grows 3 feet tall. The light crimson, semi-double flowers are produced in immense clusters all season. Fine for bedding.

SPARKLER—We consider this the best low growing red Baby, a sparkling, brilliant red.

WHITE BABY—Small pure white flowers.

ALEZANE—Plant patent No. 116. A color that is different; striking apricot-sorrel. It stops every one passing by. Each \$1.50; 3 for \$3.75.

AMELIA EARHART—Plant patent No. 63. Immense flowers of creamy yellow, each one so perfect, so beautiful, that you must not expect too lavish production. Wins the blue ribbons. Each \$1.50; 3 for \$3.75.

BETTER TIMES—Plant patent No. 23. A great new rose. Fragrant, large, double flowers of brilliant cerise freely produced on long stems. Exceptionally fine for garden and cutting. Each \$1.50; 3 for \$3.75.

CARILLON—Plant patent No. 136. A wonderful bedding rose as the brightly colored blooms of coral, orange and scarlet are produced so freely. Each \$1.50; 3 for \$3.75.

CONDESA DE SASTAGO—A new, marvelously colored rose of red, copper and yellow. Very fine. Each \$1.00; 3 for \$2.50.

COUNTESS VANDAL—Plant patent No. 38. A sensation in our World's Fair Rose Garden both in 1933 and 1934. Long pointed buds open into glorious flowers of coppery bronze suffused pink. A hardy, vigorous grower and free bloomer. A rose for everybody. No rose garden complete without this lovely rose. Each \$1.00; 3 for \$2.50.

GLOAMING—Plant patent No. 137. Large, full, fragrant, long-lasting flowers of satiny pink tinged golden salmon produced on long stems. Very fine. The buds are glorious. Each \$1.50; 3 for \$3.75.

LEONARD BARRON—A new, very hardy rose of immense size (often 6 inches across), shell pink tinged salmon. Free blooming. Each 75c.

MARY HART—Plant patent No. 8. Striking sport of Talisman. Velvety deep red flowers freely produced, long stems. Especially fine for cutting, opens perfectly. Each \$1.00; 3 for \$2.50.

McGREDY'S SCARLET—The picture on page 32 shows the vivid luminous carmine color of this new rose. A vigorous grower, producing freely large, perfect blooms on long stems. A coming rose. Each 75c.

McGREDY'S TRIUMPH—Patent pending. A grand new rose. Unusually large flowers of deep cerise flushed amber. Healthy, vigorous. A grand flower on a wonderful bush. Each \$2.00; 3 for \$5.00.

MRS. SAM McGREDY—A remarkable new rose from the famous House of McGredy. One of the world's most beautiful roses, orange salmon suffused gold. Free-blooming, vigorous and healthy. See page 33. Each \$1.00.

NIGRETTE—Plant patent No. 87. Called the "Black Rose of Sangerhausen." Origintor's description—"The flowers are medium size, deep maroon with blackish velvet sheen and quite fragrant." In the heat of the summer this rose is maroon, but in cool weather it appears very dark. We tell you frankly that this rose is NOT AS BLACK AS COAL (we doubt if a rose that color would be at all attractive), but it is the darkest rose we know. Very free blooming. The rose everybody is talking about. Each \$2.00; 3 for \$5.00.

ROCKET—Patent pending. See front cover.

SOUVENIR—Plant patent No. 25. A golden Talisman, rich pure yellow. A free bloomer. Each \$1.00; 3 for \$2.50.

It might interest you to know that the rose, Sunkist, bought from you and planted this spring was awarded first prize at our Tacoma Rose Show which closed last evening. Also the entire twelve roses you sent us this spring are all doing nicely and we are well pleased with the selection. The competition in roses is quite keen out here in our city.—Mrs. Frank T. Deck, 3918 No. 30th St., Tacoma, Washington.

Every one of the 12 rose bushes bloomed at four weeks from the day I set them out and on Easter Sunday they were gorgeous.—Miss Grace F. Hutchins, Mgr. New Beach Hotel, Battles Wharf, Ala.

WIN \$250 FOR A NAME

Spring 1937 we will introduce a new yellow everblooming rose. It now is designated as Sub-Zero No. 150. Two years ago it stood 23 below zero absolutely unprotected, with the bud above ground. A year ago it stood 15 below zero, unprotected. Both years it came thru in fine shape, blooming freely the following summers. In color it is the purest yellow of all roses. The flowers are large, beautiful in bud and when open, fully double, fragrant. Free-blooming. It is a rose of such vigor and hardiness that we believe it will live for you a life-time. We want a name for this rose and to the one submitting the name selected by the judges, we will make the following award:

\$250.00 in cash if the name accepted is sent in by one who has sent in this season an order of \$3.00 or more.

\$150.00 in cash if the name accepted is sent in by one who has sent in this season an order of \$1.00 to \$3.00.

\$100.00 in cash if the name accepted is sent in by one who has not sent in any order.

Name must be sent in by July 1, 1936. In case of tie, duplicate awards will be made. The winner's name and picture will appear in our 1937 catalog.

NOTE—When sending in name with an order, PLEASE WRITE THE NAME ON A SEPARATE SHEET OF PAPER, giving your name and address and amount of your order.

With each rose order we send you a complete PLANTING BOOKLET which tells you exactly how to plant and care for roses. Even if you have never before in your life planted a rose, you can follow our simple instructions with success. For years to come you will enjoy their flowers, literally hundreds and hundreds of them. Plant them early, just as soon as you start making garden, and in just a few weeks you will commence cutting your own roses.

Roses do not require much room. Some folks plant 15 inches apart but we suggest planting 20 inches apart. The entire 28 roses require a space only 5 feet by 16 feet as illustrated. We also show a garden of 56 roses. Or you can make a curved bed. Just use your garden hose to make the curved lines.

If you plant in the 3 row bed, then plant the following varieties in the back row as they are the tallest growers—Betty Uprichard, F. S. Key, Miss Rowena Thom, Mme. Nic. Aussel, Mrs. Chas. Bell, Radiance Pink, Radiance Red, Soeur Therese, Ville de Paris. Plant the following in the middle row—Dame Edith Helen, Dotty, Grenoble, Joanna Hill, LaFrance, Lord Charlemont, Lucille Rand, Prince Felix, Sunkist, Willowmere. Plant in the front row the following—Autumn, Chas. P. Kilham, Duchess of Atholl, Independence Day, K. A. Victoria, Mme. Ed. Herriott, Rev. F. P. Roberts, Roslyn, Souv. de G. Pernet.

Everblooming Climbing Roses

A new race of Climbing Roses that bloom not only at the usual time in June but also again in the summer and fall. Plant them in full sunlight and spread out the canes fan shape to get the most blooms. All prices are postpaid.

ALLEN'S FRAGRANT PILLAR—A strong climber that blooms thruout the season. The large flowers are satiny pink and delightfully fragrant. Each \$1.50.

BLAZE—Plant Patent No. 10. Large flowers of the most dazzling scarlet red. Hardy as Paul's Scarlet. There has been some controversy about Blaze. When first introduced the demand was so great that it was over-propagated and all the plants did not bloom as freely as they should. Also it takes this plant a year or two to become established before coming into full bloom. This past summer we made several trips to the patent owner of Blaze and we tell you honestly that in the fields it was a mass of color all season, blooming right up to frost. These plants were grown from blooming wood and we feel sure that they will produce flowers thruout the season. The price has been reduced to \$1.25 each, 3 for \$3.15.

GOLDEN CLIMBER—Plant Patent No. 28. Finest hardy yellow climber. Very hardy, with glossy holly-like foliage and a strong grower. The large fragrant flowers are produced singly on stems 15 to 18 inches long. Not a real everbloomer but the first burst of bloom lasts an exceptionally long time and there are occasional bursts thereafter. Each \$1.50, 3 for \$3.75.

MERCEDES GALLART—Large, full fragrant flowers of lovely cerise come singly on long stems. Blooms steadily all summer. Each \$1.00.

PRINCESS VAN ORANGE—Plant Patent No. 106. Strong grower, literally covered with orange-scarlet flowers, in June and many flowers thereafter. Climbing sport of Gloria Mundi. Each \$1.25, 3 for \$3.15.

MERMAID—Blooms continuously all summer. Exquisite single flowers, 4 to 6 inches across, ivory white with an immense cluster of stamens. Vigorous grower. In the north should have protection over winter. But if the old canes do kill, the new ones will bloom anyway. Each only 75c, 3 for \$2.00.

SCORCHER—Enormous ruffled flowers of vermillion-red. Grows rapidly to height of 10 feet or more. No other rose like it. In June a gorgeous sight, just covered with flowers. Occasional flowers thru the season. Each 50c, 3 for \$1.25.

The following Roses are exactly like the everblooming bush roses of the same name except these are climbers. In the north they should be protected over winter. They are well worth this slight effort because of the great abundance of beautiful flowers they will give you. Just imagine a Talisman, a Pres. Hoover, a Page Roberts, six to ten feet tall, many canes, full of their lovely flowers.

These are our 2 year medium size everblooming bush roses, exactly the same choice varieties as our finest 2 year No. 1 but a smaller plant. They will bloom this summer. The color of each plant will be plainly marked. This is the same size rose as is used by most firms who merely list their roses as 2 year field grown. At this low price every home can now enjoy roses, the **QUEEN OF FLOWERS**. And remember that these are **GENUINE INTER-STATE ROSES**, from America's best growers.

ELSE POULSEN

One of the world's really great roses. Always in bloom, from June until freezing, great clusters of lovely apple-blossom pink flowers. Hardy as an oak, easy to grow and grows three feet tall. As a garden rose, for bedding and for a flowering hedge, there is no better rose. Many thousands of you will remember the long row of Else Poulsen in our 1933 Chicago World's Fair Rose Garden. It was a magnificent sight all season. At our low price, plant it freely. Strong hardy, 2 year No. 1 field grown plants, postpaid.

Beautiful Bed of President Cannas

CANNAS LARGE FLOWERING THAT BLOOM FREELY ALL SUMMER

Inter-State Cannas are famous for their large and beautiful flowers. A bed or border of them will give you a brilliant display all summer until frost. You will say they are the finest, free-est blooming you ever had. Plant Cannas 18 inches apart. A round 7-foot bed takes 19 bulbs—1 in center, 6 for first row, 12 for outside row. A 10-foot bed takes 37 bulbs—1 in center, 6 for first row, 12 for second row, 18 for outside row.

INTER-STATE'S PRIZE DAHLIAS

Every dahlia we sell is guaranteed to be satisfactory not only when you get it but ALSO WHEN IT BLOOMS. When you get them, notice how each individual tuber is wrapped separately with the eye carefully protected with sawdust. On each one you will find a number stamped with indelible ink. This number was put on at TIME OF DIGGING. That is why our dahlias ARE ALWAYS TRUE TO NAME. They are FULL OF PEP, VITALITY and will produce for you GREAT BIG BLOOMS. With every order we send complete planting instructions telling exactly how to plant them so you will grow PRIZE WINNING BLOOMS.

Out of hundreds of varieties, we have selected the following as being the leaders. Every one is a good one, strong healthy growers, free bloomers with large flowers. All dahlia prices are Postpaid.

AGNES HAVILAND—Glowing rose pink, almost cerise, tinged with gold. . . Each 20c

BIG GUS—Popular brilliant orange-scarlet of giant size. Each 20c

E. T. BEDFORD—Lovely bloom of royal purple tinged silver Each 20c

FORT MONMOUTH—We tell you honestly that the actual flower is far more beautiful than pictured. You simply cannot put on paper the rich claret color of an unusual brightness. Also it is much more than twice as large as pictured, many flowers being 12 inches across. A wonderful bloomer. . . Each 55c

JANE COWL—Recognized as the greatest of all dahlias. A glorious flower of buff and old gold with a touch of apricot at the center. Flowers are actually more than twice as large as pictured on opposite page. Each 30c

JEAN KERR—A fine white with long stems blooms early and continuously. . . Each 20c

JERSEY BEAUTY—America's favorite dahlia. The flower on the opposite page is only half actual size. It blooms so freely. As a pink it stands supreme. Each 25c

MONMOUTH CHAMPION—The picture on the opposite page gives you but a glimpse of the real beauty of this magnificent dahlia. Immense blooms of brilliant orange flame. Perfect stems Each 45c

MRS. I. D. VER WARNER—Exquisite large blooms of old rose suffused lilac. Continuous bloomer. A grand dahlia. Each. . . 20c

SAGAMORE—An exceptionally fine dahlia, amber gold shaded salmon-rose and orange. Large flowers, good stems Each 20c

THE COMMODORE—Last year this dahlia sold for \$1.00 and up. The beautiful yellow flowers are enormous, many 12 inches across. It certainly wins the prizes. Won the American Home Achievement Medal, one of the very highest awards that a dahlia can win. Our low price only 50c each

Diamond DAHLIA COLLECTION

One each of the 4 beautiful Dahlias pictured on opposite page for only \$1.00

1 Fort Monmouth 1 Jersey Beauty
1 Jane Cowl 1 Monmouth Champion

Where in all the world can you get these 4 magnificent dahlias for this low price? You who love Dahlias, the great Autumn flower, will want these. We tell you frankly we have only 4000 of these collections. They will go quickly at this extremely low price.

You will notice that our "Each Price" on dahlias is low. Perhaps you wonder then, why we can put them into a collection and sell at a still lower price. There are two reasons why we can do it. In the first place we can send you the collection for almost the same expense as just one dahlia. In the second place, we plan far in advance for them. If we had to go out in the open market today and buy these dahlias, we could not sell them to you at these prices. Our growing and our contract-growing is based on these advance plans as we know that when we offer such great values, we can depend on selling many thousands of collections.

Prize Collection ALL 7 FOR ONLY \$1.00

1 Agnes Haviland 1 Mrs. I. D. Ver Warner 1 Big Gus 1 Sagamore
1 E. T. Bedford 1 The Commodore 1 Jean Kerr

(worth \$1.70)

When you see The Commodore in full bloom, you will agree that it alone is worth the entire price of the collection. You wonder how we can possibly sell all 7 for only \$1.00 (actually worth \$1.70). We can only do it because we will sell thousands of these collections to dahlia lovers all over America who will immediately recognize what a great value it is.

Mrs. E. M. Higbe, 4955 Wolfram St., Chicago, Ill. "The dahlias are wonderful—"

Glory Collection

4 LOVELY DAHLIAS FOR ONLY 50c

1 Art Type 1 Decorative Type 1 Cactus Type 1 Show Type

This is a special "Clean-up Price" because in this collection will be dahlias which often sell for 25 to 50c each. Each dahlia will be correctly labeled. In order to sell at this low price, the tubers will be small size. But these small tubers if you will give them just ordinary good care, will produce as fine flowers as the larger size. We promise you a wonderful return in beautiful flowers from this 50c investment.

Mrs. Fred Froendt, Rt. 2, Box 338, Gary, Ind., wrote us: "Last spring I ordered Cannas, Dahlias and Roses and I can't tell you how pleased I am with them. I have never had such gorgeous flowers."

Shade Trees

Bring Beauty and Comfort

Shade trees will give you more permanent beauty and comfort per dollar than anything else you can buy. How inviting appears the home that is "framed" with lovely shade trees. Their beauty also proves itself practical by keeping off the intense heat in the summer and breaking the cold, winter winds when the snow flies. Help make your street more attractive by lining it with shade trees. If the hot afternoon sun shines into your home, plant a tree to the southwest.

BIRCH, SILVER (Cut Leaf Weeping)—Considered the most beautiful of all trees. Delicately cut leaves on graceful, drooping branches. The gleaming white bark is beautiful summer and winter. Especially find for lawns, as a specimen or in groups.

DOLGO FLOWERING CRAB—Beautiful and useful. A glorious sight in the spring with its delicate blush flowers. Followed by clusters of brilliant scarlet fruit all over the tree which hangs on a long time and makes the prettiest and finest flavored jelly you ever ate. This tree is so handsome you can plant it right in your lawn. Not a tall grower.

MAPLE, NORWAY—An exceptionally fine tree for lawn and street planting. As the picture shows, it makes a perfect tree. The rich green foliage colors a light yellow in the fall. Notice the very low price we are making on the 6 to 8 ft. size. We have a block we wish to clear this spring. These are very fine trees and you may never again be able to buy such trees at this price.

MAPLE, PURPLE (Schwedler)—A magnificent tree for lawn or parking. In the spring, the foliage is reddish-purple; in midsummer, it is purplish-green; in the fall, golden yellow. It makes a perfectly shaped tree.

MAPLE, SUGAR (Hard)—Foliage colors so beautifully in the fall, orange, yellow, scarlet.

MOUNTAIN ASH—Full of clusters of red berries from midsummer into winter.

POPLAR, LOMBARDY—Everybody knows the striking appearance of this tall, narrow-growing tree, like a church spire. Fine for screens and background. Grows rapidly. You have always wanted some of these unusual trees. You can get them now at a *very low price*.

CHINESE ELM

Because of its beauty and extremely rapid growth, the Chinese Elm has become the leading shade tree of America. It is planted in every state, standing intense cold and extreme heat equally well. Under ordinary conditions, it makes excellent shade in five short years as its average growth is five feet a year. It is by far, the fastest growing hard-wooded shade tree.

A Windbreak For Every Farm

The dust storms of the past few years have shown us the urgent need of windbreaks in summer. And they break the force of the cold, wintery winds. If your farm buildings are protected by a windbreak, your cows will give more milk, your steers make more gains, your hens lay more eggs, and it will take less fuel to heat your home. A windbreak does good summer and winter. Makes farming more pleasant and profitable.

Below are listed younger Chinese Elm seedling trees. They are especially fine for windbreak and wood lot planting. No tree will make a windbreak as quickly as these young Chinese Elm. It leafs out very early in the spring and the leaves hang on very late in the fall. It has such a dense mass of twigs, branches and limbs, that even with the leaves off, it makes a very effective windbreak. No matter whether you live in North Dakota or Texas, plant Chinese Elm. It grows equally well in both states and all in between. It stands cold, it stands heat, it even stands alkali.

We have a fine lot of these Chinese Elm and we are making the lowest price we have ever made so that EVERY FARM CAN HAVE A WINDBREAK. Plant yours this spring. In less than 5 years, you will write us, telling us that you wouldn't take hundreds of dollars for your windbreak.

INTER-STATE'S LILIES

Easy to Grow—Will Bloom this Summer

Aztec Lily

AZTEC TIGER FLOWER

(Tigridia Pav. Grand.)

Here's the rarest, most priceless lily flower, the fantastic Tiger Flower of Old Mexico. Sacred to the ancient Aztec sun worshippers. Like in prayer, it follows the sun from dawn to dusk. Opens its petals with the rising sun. Grows more glorious hourly 'till at noontime it stands upright with all its gorgeous blooms of scarlet, orange and yellow, unfolded. Then follows the declining sun to die at sunset. Blooms anew and dies, again and again, thru the summer. About 2 feet tall. Easy to grow. Increases 4 fold yearly. Originally priced at \$1.50 each.

EVERBLOOMING PHILIPPINE LILY

This magnificent new lily comes from the Orient and is sold under the names of Philippine, Formosa, Wonder and Dream Lily. The flowers are fragrant, very large, more than twice as large as pictured on the back cover. They are almost pure white, just a tinge of coppery rose on the outside at the small end of the flower and a light touch of green on the inside back in the throat. They bloom from August until frost. Grow 3 to 4 feet tall. Easy to grow. Perfectly hardy. Requires no special soil or care. Last year we tested bulbs from Japan, from Holland and from various American growers. We found the Holland bulbs the best; larger flowers, better color, more blooms, more uniform growth. Therefore this year we imported our bulbs direct from Holland from the world's largest bulb firm. We believe this is the finest, purest strain in commerce. We have made our prices so low that all can enjoy this wonderful new lily this summer and fall and many years to come.

GORGEOUS RED RUSSIAN LILY

Turn to the back cover and see this lily in its natural color. The first summer you will get from 4 to 12 flowers on a stem. The second year we have counted as high as 35 flowers on a single stem. The large flowers are a dazzling scarlet with an undertone of orange to give it an unusual brilliance. Blooms in May and June on stems 2 to 3 feet tall. Probably the easiest of all lilies to grow and sure to bloom. Very hardy, thriving even in Minnesota. Requires no special soil or care. Just plant it, it comes up year after year, increasing in beauty every year. A lily for everybody, everywhere.

INTER-STATE SHRUBS

add Beauty and Value to Your Home

Whenever you pass a beautifully planted Home, you always think "I want my home to look like that." You can make your home just as attractive. We have made our shrub prices so low. Plant this spring and in a few months the appearance of your home will be so improved that you will think a Magician has waved a Magic Wand over it.

Our shrubs are hardy, field grown from wide rows where they have had plenty of room to develop good tops and strong roots. They are the finest shrubs it is possible to produce. We offer two sizes. The 2 to 3 foot size is a year older and naturally will give quicker effect, saving you the year's time. Many of these shrubs will bloom the first season.

With every order we send complete planting instructions so even if you have never planted before you can follow these instructions with success. Plant shrubs in easy curves, putting the taller growing behind with the lower growing in front. Do not plant too closely together and give the taller growing more room than the lower growing. **DO NOT PLANT TOO CLOSELY TO THE FOUNDATION.**

ALTHEA, ROSE OF SHARON—A rather tall growing shrub which is fine for group and specimen planting, also for screens. Blooms freely in late summer and fall. A fine shrub that should be widely planted. Your choice of Purple, Violet, Red, Rose, or White with Red Eye. Perfectly hardy here at Hamburg and we get 10 to 20 below zero.

ALTHEA, SNOWDRIFT—A magnificent shrub. Large flowers, white as newly fallen snow. Blooms continuously midsummer and fall. Grows 5 feet tall.

BARBERRY, JAPANESE—Page 44.

BARBERRY, RED LEAF—Page 46.

BEAUTY BUSH—See page 46.

BUTTERFLY BUSH, FARQUHAR—This is much better than the common Butterfly Bush. It grows more graceful and not so tall. Also blooms more freely and color is better. The lilac-purple flowers are produced freely from July until frost. Grows 3 feet tall. Fine for garden, also for cutting. Called the "Summer Lilac."

CRANBERRY, HIGH BUSH—Flat clusters of white flowers in April-May followed by scarlet berries which hang on until spring. Grows in sun or partial shade. Tall growing.

DEUTZIA, LEMOINE—Large, showy white flowers in spring. Grows 3 to 4 feet tall.

DEUTZIA, PRIDE OF ROCHESTER—Lovely white flowers tinged with pink in May and June. Grows 6 to 8 feet tall, in sun or partial shade.

DOGWOOD, RED BARKED—Creamy white flowers followed by clusters of blue berries. In winter, its bright red bark makes a pleasing spot of color among the other shrubs. Grows 8 feet tall.

DOGWOOD, YELLOW BARKED—Shining yellow bark thru the winter. Tall.

ELDER, GOLDEN—Its yellow leaves make a pleasing contrast with the green-leaved shrubs. Grows 8 feet tall. Develops best color in full sunlight.

Inter-State Shrubs make a house A Home

HONEYSUCKLE, FRAGRANTISSIMA — Fragrant white flowers in early spring. The foliage is very attractive, a rich lustrous dark green. It stays on the bush so late in the fall that it is almost evergreen. An unusually pretty shrub. Grows 4 to 6 feet tall.

HYDRANGEA, HILLS OF SNOW (Arb. Grand.)—This is a very fine shrub for shady places such as the north side of a house. It grows 3 to 4 feet tall. From June to August, it is covered with immense rounded heads of white flowers. Large heart shaped leaves.

LILAC, CHINESE (Rothomagensis)—Grows 8 to 10 feet tall. A fine shrub for background. Handsome foliage and striking reddish-purple flowers freely produced in May and June.

LILAC, PURPLE—The old fashioned lilac.

LILACS—See page 45.

QUINCE, JAPAN SCARLET—See page 45.

SNOWBALL—The picture shows the beauty of this grand old shrub. In May it is loaded with hundreds of the balls of pure snow white. Makes a tall shrub and grows in sun or partial shade.

SNOWBALL, PINK—See page 46.

SNOWBERRY, CHENAULTI—A new shrub with graceful, arching branches. Pink flowers in early summer followed by red berries. Grows 3 feet tall.

SNOWBERRY, WHITE—This shrub actually grows better in the shade than in the sun. In June and July it is covered with rose-pink flowers followed by many clusters of large pearly white berries. Grows 3 to 4 feet tall.

SPIREA, ANTHONY WATERER—Page 46.

SPIREA, ARGUTA—The picture cannot show the grace, the beauty of this fine shrub. Just full of white flowers two weeks before Van Houtte. The dark green feathery foliage is different and attractive. Grows 3 to 4 feet tall.

SPIREA, BUMALDA—Similar to Spirea Anthony Waterer but flowers are pink.

SPIREA, CALLOSA ALBA—Like Spirea Anthony Waterer but flowers are white.

SPIREA, FROEBELI—Grows a little taller than Spirea Anthony Waterer. Bright rose-red flowers in May and June. In the spring and fall, the foliage is an attractive reddish-purple color. This is one of the very finest low growing shrubs.

SPIREA, KOREAN—A new spirea which blooms two weeks after Van Houtte. Also, its flowers are larger. Grows 5 feet tall. Retains its beautiful glossy green foliage late.

SPIREA, SORBIFOLIA—Handsome foliage like fern leaves. Feathery panicles of white flowers in June and July. Grows 4 feet tall.

SPIREA, THUNBERG'S—A graceful shrub with bright green feathery foliage which turns orange-scarlet in the fall. Snow white flowers in April. Grows 3 to 4 feet tall.

SPIREA, VAN HOUTTE—See pages 24, 44.

SYRINGA, VIRGINAL—This is the best Mock Orange. Grows 5 to 6 feet tall. Flowers are unusually large, pure white, very fragrant. One spray will perfume an entire room. Blooms profusely in June and scattering thru the summer. One of the finest of all white flowering shrubs.

TAMARIX, HISPIDA—By far the best Tamarix. Very dense silvery-blue feathery foliage. Bright pink flowers all summer. If not pruned will grow 10 to 15 feet tall, but it can be kept trimmed to a much lower height. Grows in sun or shade, in wet or dry places. One of our best shrubs.

WEIGELA, ROSEA—Beautiful pink trumpet-shaped flowers May to July. Grows 5 to 6 feet tall. A good shrub; good flowers, good foliage, easy to grow.

WEIGELA, VARIEGATED—An attractive shrub with green leaves edged white. Pink flowers in May-June. Compact grower, 4 feet tall.

(Bridal Wreath) Most Popular Hardy Shrub

SPIREA VAN HOUTTE (Bridal Wreath)—Is by far the most popular and widely planted of all the hardy shrubs. The reason you see it everywhere is **BECAUSE IT MAKES GOOD EVERYWHERE**. More than any other shrub it has helped to beautify the homes of America. It can be used for foundation planting, as a single specimen, for screens, for hedges—in fact, plant it any place you want a medium tall shrub. Grows in sun or partial shade.

Beauty Bush

INTER-STATE HARDY VINES

Boston Ivy, the finest hardy climber for covering walls

A few vines planted around a home make it look so much more livable and inviting. A hot sunny back porch can be made into a cool, delightful room. Ugly banks, fences, caves, unsightly buildings—all can be beautified at small expense. A plain looking front porch becomes a vision of beauty when screened with vines of green with colorful flowers. *Every vine listed here is a permanent, winter-hardy and strong 2-year field-grown plant. All prices are postpaid.*

BOSTON IVY (Amp. Veitchi)—Clings closely without support to any wall. Covers it completely with leaves overlapping each other like shingles. Leaves turn crimson in fall. Prefers partial shade. Each 35c, 2 for 65c, 4 for \$1.20.

TRUE BITTERSWEET—This is the one you want for its clusters of red berries for winter bouquets. Grows in sun or shade. Plant 2 or 3 vines so they can cross-pollinize, giving lots more berries. Each 40c, 2 for 75c, 3 for \$1.00.

BIGNONIA (Trumpet Flower)—Large trumpet-shaped flowers of orange-red. Each 30c.

CLEMATIS, PANICULATA (Sweet Autumn, Japanese)—In late summer and fall, this fine vine is covered with masses of small very fragrant white flowers. Fine for porches and arbors. Each 30c.

CLIMBING HYDRANGEA—A rare new striking vine. In spring covered with flat white flowers 8 to 10 inches across. The large leaves are very attractive. Each \$1.00.

HALL'S JAPAN HONEYSUCKLE—Fine for covering porches, fences, eaves and banks. Leaves remain almost all winter. Nearly all summer it produces fragrant white and yellow flowers. Grows vigorously in sun or partial shade. Each 30c, 2 for 50c.

True Bittersweet

GIANT PURPLE WISTARIA

The most magnificent of all vines. Lasts for generations becoming more beautiful each year. Lilac-purple flowers come in long clusters in June and July. Our plants are grown from blooming wood and will bloom the next year after planting. Each 50c, 2 for 90c.

ENGELMANN IVY—Popular vine because it grows rapidly, grows everywhere and clings to brick, stone or wood. Fine for porch. Leaves turn purple-red in fall. Each 30c, 2 for 50c.

SCARLET TRUMPET HONEYSUCKLE—Like the above except the flowers are bright red. Each 30c, 2 for 50c.

Clematis Jackmani

Silver Lace Vine

Our clematis are the finest field grown, 2 year Number One, and WILL BLOOM THIS SUMMER. Far better than smaller plants.

CLEMATIS, JACKMANI—A gorgeous vine producing nearly all summer immense flowers of royal purple, 4 to 6 inches across. Fine for trellis or porch. Each \$1.00.

CLEMATIS, HENRYI—Like Jackmani except flowers are satin white. Each \$1.00.

CLEMATIS, MME. E. ANDRE—Like Jackmani except flowers are velvety red. Each \$1.00.

CLEMATIS, MONTANA UNDULATA—A fine vine with deep green waxy foliage and the loveliest pink flowers, literally hundreds of them. Grows 10 to 12 feet high. You will love it. Each \$1.00.

SPECIAL CLEMATIS OFFER

One each of the four clematis listed here for only \$3.50

Silver Lace Vine

By far the fastest growing hardy vine, generally growing 15 to 20 feet the first year. Leaves are glossy green. From the middle of summer until late fall it is completely covered with snowy white flowers. Unsurpassed for porches and arbors. Will give lots of shade and flowers the first year. Prefers a sunny location. Plants are scarce this year. Order early.

Each 75 Cents.

Marigold, Dixie Sunshine

Annual Canterbury Bells

Gourds, Mixed

Salvia, Globe of Fire

166 AQUILEGIA, Crimson Star (18)—This novelty has large blooms with sepals and long spurs of deep crimson with white petals, a very unique color combination. A vigorous plant, flowering profusely. Hardy perennial. Received award of merit from the Royal Horticultural Society of England. A real novelty. Pkt. 25c.

167 CALENDULA CHRYSANTHA, Sunshine (18)—The outstanding Calendula. Large double flowers of exquisite clear buttercup yellow, resembling chrysanthemums. Pkt. 15c.

168 CANTERBURY BELL, Annual (24)—The new annual canterbury bell which blooms from seed the first season. Strong plants, bearing 6 to 8 flower spikes. A Gold Medal winner in the All-America seed trials. Pkt. 15c.

169 COSMOS, Orange Flare (36)—The Gold Medal winner in the All-America flower selections, winning the highest rating. Vivid orange flowers produced freely on long, wiry stems, a mass of color all summer and fall. Flowers in less than 4 months from seed. Belongs in every garden. See page 61. Pkt. 15c.

170 DAHLIAS, Unwin's Dwarf Hybrids (14)—From midsummer until frost, a glorious display of the most beautiful colors. Blooms in 90 days from sowing. Pkt. 15c.

171 GOURDS, Ornamental Mixed—Used for covering fences, slopes and unsightly places. Also the gourds are ornamental and useful. Pkt. 15c.

172 HUNNEMANNIA, Mexican Tulip Poppy (18)—Magnificent golden yellow poppy-like flowers on erect stems. Blooms from July until frost. Sea-green feathery foliage is beautiful in itself. A very lovely flower and plant. See page 52. Pkt. 10c.

173 LARKSPUR, Rosamond (36)—An All-America Gold Medal winner. A distinct Larkspur blooming two weeks earlier than other varieties and continuing all summer. The florets are large, very double, a pure deep rose color. A flower lover's choice. See page 52. Pkt. 15c.

174 MARIGOLD, Dixie Sunshine (36)—A new, fascinating Marigold from the land of Dixie. The large ball shaped flowers are a brilliant golden yellow, fully double, a ray of dazzling, pure beauty. Award of merit in the All-America seed trials this season. Fine for garden, fine for cutting. An outstanding novelty. Does not have the strong Marigold odor. Pkt. 25c.

175 MARIGOLD, Little Giant, Tagetes Pumila (6)—Very dainty with slender fern-like foliage and an abundance of gay, glowing orange flowers, all summer and fall. A dwarf, neat, compact edging plant that cannot be beat. See page 52. Pkt. 20c.

176 MARIGOLD, Guinea Gold (24)—A distinct type of pyramidal habit, covered with almost double flowers 2 to 2½ inches across, the richest orange-gold color, from midsummer until frost. Does not have the strong Marigold odor. Pkt. 15c.

177 NASTURTIUM, Dwarf Double Golden Globe (12)—1936 All-America Award of Merit winner. A compact, uniform bush type, freely covered all season with the sweetly scented, semi-double golden yellow flowers. Will become very popular. Pkt. 25c.

178 PANSY, Roggli's Swiss California Giants (8)—A remarkably improved pansy. The plants are very compact and produce immense circular flowers of the richest colors, the finest blends. Pkt. 15c.

179 PETUNIA, California Giants—The most handsome single petunia. Large fringed flowers of rich colors. Pkt. 15c.

190 PETUNIA, Flaming Velvet—The 1936 All-America Gold Medal winner. Rich velvety wine-red flowers. Pkt. 25c.

180 PETUNIA, Martha Washington (6)—A new 1935 All-America Award of Merit winner that has proven most popular. Forms a perfect ball literally covered with graceful, ruffled flowers of bluish-pink with wine red veins leading to the throat of dark violet. Pkt. 25c.

181 PETUNIA, Rose Gem (8)—Award of Merit winner in the 1936 All-America. A dwarf, compact plant that is covered all summer with the lovely, rich, rose-pink flowers. Pkt. 25c.

182 SALPIGLOSSIS, Painted Tongue, Trumpet Flower (27)—One of the finest annuals with color combinations that are unusually beautiful. Blooms profusely from midsummer until frost. Give them a sunny location. See page 52. Pkt. 10c.

183 SALVIA, Farinacea, Blue Bedder (36)—Tall spikes of the loveliest, richest deep blue. Fine for bedding and cutting. Flowers may be dried and used for an Everlasting. Hardy with protection. Blooms from July until frost. You will love it. See page 52. Pkt. 25c.

184 SALVIA, Globe of Fire, America (18)—Should be in every garden. The earliest, freest, most continuous bloomer of all Scarlet Sages. Mammoth flowers of brilliant scarlet. Very uniform, compact plants. Fine for bedding, border or hedge. Pkt. 15c.

185 SNAPDRAGON, Antirrhinum, Rust-proof (24)—University of California De Luxe Mixture. The finest range of colors of all the Rust-proof strains. Different shades of pink, rose, scarlet, crimson, apricot, bronze, orange, yellow. Now you can grow this marvelously beautiful flower without trouble. See page 52. Pkt. 10c.

186 VERBENA, Beauty of Oxford Hybrids (8)—One of the finest flowers. Individual blooms large as a half dollar, soft rose with some tinged salmon. Pkt. 10c.

187 VINCA ROSEA, Periwinkle (18)—This Island of Madagascar flower increases in popularity each year. Glossy dark green foliage, with a profusion of white flowers with crimson eye, all summer and fall. Very fine for bedding, border and potting. Try it. Pkt. 15c.

188 ZINNIA, Fantasy, Finest Mixed (24)—The All-American Zinnia, the most fascinating new flower introduced in many years. Unusually charming, fine for garden, fine for cutting. Lacy petaled, friendly flowers of the brightest shades of red, yellow, orange, pink and cream. An abundant bloomer all season. Easy to grow everywhere. Our favorite. See page 52 and 4A. Pkt. 15c.

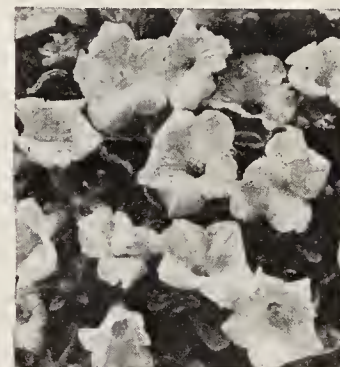

189 ZINNIA, Lilliput Tom Thumb (6)—A dwarf, compact, very attractive zinnia with small perfect brightly colored flowers of red, orange, yellow, rose, pink and other pastel shades. Excellent for border use and for potting. Pkt. 15c.

126 LARKSPUR, Annual Mixed (3)—One of the best annuals. Blooms profusely for many weeks. Fine for cut flowers as well as bedding. Easy to grow. This is an improved strain with the widest range of colors, blues, pinks, violet, scarlet, white, salmon, lilac, carmine.

127 LOBELIA, Crystal Palace (4)—Very desirable edging and bedding plant. Simply loaded with rich, deep blue blossoms all season.

128 MARIGOLD, French Dwarf Monarch, Double (12)—An All-America winner. Very compact and dense. Wide range of colors with striking combinations of orange, bronze, yellow and mahogany.

129 MARIGOLD, Giant African Tall Double (30)—A marvelous selection that will give you an abundance of yellow, brown, lemon and orange blooms all summer. Fine planted with Larkspur. Easy to grow.

130 MIGNONETTE, Finest Mixed (12)—No garden is complete without these delightfully fragrant flowers of red, yellow and white which bloom for a long time.

131 MOONFLOWER, Improved Heavenly Blue—These created a sensation at our 1934 World's Fair Rose Garden, where they were trained over arches. They grew 20 feet or more, and were a glorious sight for weeks. The lovely, large flowers are an intense, rich true blue with a white throat. The plant starts blooming earlier, and the flowers remain open until late in the afternoon. Truly a glorious vine.

132 MORNING GLORY, Giant Japanese Mixed—This is a greatly improved strain with mammoth flowers of gayest colors and beautiful foliage. The flowers will astonish you.

133 NASTURTIUM, Dwarf Mixed (12)—A gorgeous mixture of our most popular dwarf annual. They are so easy to grow and bloom a few weeks after planting and continue all season. Fine for borders, beds and rock gardens.

134 NASTURTIUM, Tall Trailing Mixed—This is a giant flowering strain especially strong in colors of red, rose, yellow, salmon and orange.

135 NASTURTIUM, Golden Gleam—A wealth of golden flowers in every packet. Beautiful in the garden and the sweetly scented gleaming flowers are fine for cutting. No new flower ever swept the country as has this one.

136 NASTURTIUM, New Glorious Gleam Hybrids—Large, double, sweet scented flowers in a magnificent range of colors. Grown in bed or border their effect is beautiful.

137 NASTURTIUM, Scarlet Gleam—An All-America Gold Medal winner. The long stemmed dazzling scarlet double flowers completely cover the plant. Sweet scented. Ideal for garden and for cutting. Don't fail to plant some.

138 NICOTIANA, Affinis, New Hybrids, Sweet Scented Tobacco (30)—Stately plants with large trumpet shaped blooms of assorted colors. Flower from midsummer until frost. Very fine for bedding.

150 SCABIOSA, Mourning Bride, Large Flowering Mixed (30)—Equally fine for garden or cutting, as the long-stemmed flowers of many colors last such a long time on the bush and when cut. Blooms from July till frost.

151 SNAPDRAGON, Giant Large Flowered Mixed (24)—Few flowers can match these for gorgeous colors. The large, fragrant flowers are produced freely on long spikes all season, which makes them excellent for cutting.

152 SNOW ON MOUNTAIN, Euphorbia (24)—An ornamental foliage plant, with green foliage edged white.

153 STOCKS, Mixed (15)—A choice mixture of large flowers in a wonderful range of colors, blooming profusely in late summer and fall.

154 STRAWFLOWERS, Everlastings, Finest Mixed (12 to 24)—A collection of rich, glittering colors and many kinds, especially selected for winter bouquets.

155 SWEET PEAS, Genuine Spencer Mixed—Everybody loves this flower. It has such a wide range of colors and blooms so beautifully. These are the large flowering type.

156 SWEET PEAS, HARDY—Similar to annual Sweet Peas, but have larger and more wax-like flowers. Last for many years.

157 SWEET SULTAN, Centaurea Imp., Mixed (30)—Flowers have deeply fringed petals, graceful in form and fragrant. Exquisite colors of rose, lavender, lilac, red, purple, white and yellow. Long stems make them fine for cutting.

158 SWEET WILLIAM, Hardy, Single Mixed (18)—An old perennial favorite of the flower lover. Gives early spring blooms with rich and varied colors.

159 VERBENA, Mammoth Mixed (8)—One of the most popular flowers because it can be used in so many places. Fine for borders, beds, window boxes, porch boxes and among tall growing plants like Lilies. They bloom all summer and fall.

160 ZINNIA, Colossal (36)—Very popular flower. Grows everywhere, stands any kind of weather, any kind of soil. A wide range of colors.

162 ZINNIA, Gold Medal Dahlia Flowered (36)—A flower that should be in every garden, and generally is, as it is probably the most widely planted flower in America. Immense flowers that look like dahlias, in a wide range of colors. Easy to grow everywhere. This is Bodger's latest strain, absolutely the finest in all the world.

161 ZINNIA, Pompon, Lilliput (24)—The small, compact flowers of rich, bright colors are perfectly formed. Long stems make them fine for cutting. You will like them.

G. W. Farmer, Keosauqua, Iowa on May 1, 1935 wrote us—"Received the seeds and strawberry plants. The plants came in very good shape and you certainly give big packets of seeds."

Edward L. McMonagle, South Portland, Maine on July 27, 1935 wrote us—"The seed was extra fine and did better than any I have ever had before, surprising me both by its viability and the quality of the plants grown from it."

Mrs. W. A. Haydon, Hannibal, Mo. on Feb. 8, 1935 wrote us—"Your garden seed cannot be beat. We get your seed each year and have the earliest and best garden in our neighborhood."

Mrs. Jacob Krehbiel, Halstead, Kan., Rt. 1 on May 22, 1935 wrote us—"All the roses I got from you are growing nice and everything else I got is doing fine. I am so well pleased with my garden seed. I think every seed came up. I told my husband hereafter I will plant all Inter-State seeds and everything else will come from there I plant. My peas are ready to cook."

Mr. Fred M. Walter, Hammond, Ind. on Oct. 31, 1935 wrote us—"We were very well pleased with the results obtained from planting the seeds we obtained from you this spring."

Frances Hill, Brookfield, Ill. on Nov. 15, 1935 wrote us—"Now that the garden season is over I thought I would write and tell you the results we had with our seeds and plants. The vegetables were the best ever and you may be interested to know that I won first prize at the Hollywood flower show for the best collection of vegetables and first for flowers which of course was very encouraging as it was the first time I had exhibited. Some of the carrots measured 12 inches around the crown and parsnips were 32 inches in length. The Dahlias were gorgeous, also the roses."

Mrs. Harry H. Kind, Tomahawk, Wisc., Rt. 1 on Sept. 28, 1935 wrote us—"We have been more than satisfied with all the seeds we have ever ordered from you."

YOU CAN MAKE A BEAUTIFUL LAWN WITH INTER-STATE'S LAWN GRASS

Our grass seeds are carefully selected to make a rich green, smooth, velvety, permanent lawn. We use only clean, high purity, high germination, thoroughly tested seeds. Plant in the EARLY SPRING or early fall. Take advantage of our lower prices this season and improve your lawn. One pound is enough for 300 square feet. ALL GRASS SEED PRICES ARE POSTPAID.

EXTRA HEAVY KENTUCKY BLUE GRASS

Blue Grass seed is graded into Light, Medium and Heavy weights. Our seed is all Extra Fancy Heavy 24 pound NEW CROP SEED with high purity and high germination and absolutely no noxious weeds. We use this in our Home Lawn Mixture. This seed is far better and is actually cheaper to use than the light, chaffy, low priced seed, because it goes so much farther and MOST IMPORTANT, IT MAKES A GOOD LAWN. 1 Pound 35c; 3 Pounds 95c; 5 Pounds \$1.45; 10 Pounds \$2.75.

WHITE DUTCH CLOVER

The little white clover that improves the texture of lawns. 1/2 Pound 35c; 1 Pound 60c; 2 Pounds \$1.10.

INTER-STATE HOME LAWN MIXTURE

A carefully blended mixture of Extra Fancy Heavy Kentucky Blue Grass, Red Top, White Dutch Clover and other grasses to make a deep rooting permanent lawn. It contains absolutely no timothy. As Blue Grass is slower to start, we include some quick starting nurse seeds to protect the Blue Grass until it gets a good growth. Then the nurse grasses die out. Your lawn will get green in a short time after planting. This is a high grade mixture for making a FINE PERMANENT LAWN. With each pound of this mixture we include in a separate sack, over 150,000 grass seed especially adapted for shady places. We do this because in almost every lawn there are some shady spots. Put this Shady Grass Seed on those shady places. This Shady Grass Seed is in addition to the full pound of the mixture and is included FREE. 1 Pound 40c; 3 Pounds \$1.05; 5 Pounds \$1.55; 10 Pounds \$2.95.

INTER-STATE SHADY LAWN MIXTURE

For the sunny part of your lawn, use our Home Lawn Mixture. But for the shady places use this Shady Lawn Mixture. It contains 20% Chewings Fescue, a grass especially adapted for shady, dry spots of rather poor soil, and 80% of Poa Trivialis, a grass for shady spots of ordinary soil. The balance is a blend of grasses to give you best results. We want to state emphatically that this is a VERY HIGH GRADE MIXTURE, much better than ordinarily sold. It is well worth our price. 1/2 Pound 35c; 1 Pound 60c; 2 Pounds \$1.10; 4 Pounds \$2.00.

453 GIANT CURLED—The popular curled leaf variety. Produces a heavy crop and makes fine greens. Easy to grow. Pkt. 5c; 1 oz. 15c.

MUSKMELON

454 HALE'S BEST—One of the earliest round melons. Thick, fine grained, deep salmon flesh, richly flavored. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c; 1 lb. \$1.15.

455 HEARTS OF GOLD—This is our favorite. Salmon-orange flesh is very thick and is good right out to the rind. Medium size and unusually fine, sweet flavor. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c; 1 lb. \$1.25.

456 OSAGE—An old favorite. Does well in most any soil. Thick salmon flesh of very fine luscious flavor. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c; 1 lb. 95c.

457 ORIGINAL ROCKY FORD—The standard of all green meated melons. Planted all over. Thick meat good to the rind. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c; 1 lb. \$1.15.

WATERMELON

458 COLE'S EARLY—A good real early melon. Medium size, almost round. Flesh is crisp, tender and delicious flavor. Fine in states with short season. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c; 1 lb. 95c.

459 KLECKLEY SWEET—Most popular of all watermelons and deserves to be. Large, oblong melons are glossy dark green. The bright red flesh is crisp, tender and the sweetest and finest flavored of all. Rind is thin. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c; 1 lb. 95c.

460 STONE MOUNTAIN—A new, very large, round melon which is becoming very popular. Solid dark green. Ripens medium early. Exceptionally fine sweet, delicious flavor, and solid flesh. Pkt. 5c; 1 oz. 15c; ¼ lb. 40c; 1 lb. \$1.15.

461 TOM WATSON—The great shipping melon. Like Kleckley's except the rind is tougher and seed is brown. Crisp, juicy, sweet flesh. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c; 1 lb. 95c.

ONION SEED

462 LARGE RED WEATHERS-FIELD—The favorite red onion. Flat, solid, very good keeper. Pkt. 5c; 1 oz. 25c; ¼ lb. 75c; 1 lb. \$2.75.

463 GIANT YELLOW SWEET SPANISH—A very large, globe shaped yellow onion with a delicious mild flavor. Good keeper. Pkt. 5c; 1 oz. 25c; ¼ lb. 85c; 1 lb. \$2.95.

464 SOUTHPORT RED GLOBE—One of the best keepers. Remarkably uniform in size. Mild, fine grained and tender. Pkt. 5c; 1 oz. 25c; ¼ lb. 75c; 1 lb. \$2.65.

465 SOUTHPORT WHITE GLOBE—Best white onion. Heavy yielder. Crisp, fine grained, snowy white, very mild. Good keeper. Pkt. 5c; 1 oz. 30c; ¼ lb. 95c; 1 lb. \$3.25.

466 YELLOW GLOBE DANVERS—Best main crop yellow onion. Flesh is white, crisp and very mild. Fine quality. Very good keeper. Pkt. 5c; 1 oz. 25c; ¼ lb. 75c; 1 lb. \$2.75.

ONION SETS

You will certainly like our Colorado grown onion sets. They are absolutely the finest grown. They are so smooth, clean, fine. Ready for shipment March 15th. Your choice of Red, Yellow or White. 1 qt. 25c; 2 qts. 40c; 5 qts. 85c. Postpaid.

BERMUDA PLANTS

Fine for home gardens. Produce a large, mild, sweet onion. Also many use them for fresh onions. White or Yellow. Ready for shipment about April 1st. 200 for 35c; 300 for 45c; 600 for 80c; 1000 for \$1.20. Postpaid. Crate of 6000 for \$4.85 F. O. B. Hamburg, Iowa.

PARSNIPS

467 HOLLOW CROWN—The best parsnip. Smooth white skin with rich, tender, sweet flesh. Enormously productive. See page 61. Pkt. 5c; 1 oz. 10c; ¼ lb. 35c.

PEAS

411 ALASKA—Earliest of all peas. Very hardy. Smooth seeded. Not as sweet as the wrinkled kinds but they taste mighty good because they come so early. Large Pkt. 10c; ½ lb. 15c; 1 lb. 25c; 2 lbs. 45c.

412 ALDERMAN—Best main crop vining pea. Very productive. Tall growing so must be staked. Big pods of finest quality peas. Large Pkt. 10c; ½ lb. 15c; 1 lb. 25c; 2 lbs. 45c.

413 AMERICAN WONDER—Popular early wrinkled pea. Dwarf. Good bearer, with 2½ to 3 inch pods of tender, sweet peas. Large Pkt. 10c; ½ lb. 20c; 1 lb. 30c; 2 lbs. 55c.

414 GIANT LAXTONIAN—An exceedingly fine pea, and heavy bearer. The peas are large and very fine sweet flavor. Early. Large Pkt. 10c; ½ lb. 20c; 1 lb. 30c; 2 lbs. 55c.

415 LAXTON'S PROGRESS—Grows 18 inches tall. Large pods with 8 big peas of extra fine quality. Ripens a few days before Giant Laxtonian. Large Pkt. 10c; ½ lb. 20c; 1 lb. 30c; 2 lbs. 55c.

RADISH

474 **EARLY SCARLET GLOBE**—Most popular red radish. Round, very early, mild, crisp, tender, finest quality. See page 61. Pkt. 5c; 1 oz. 10c; ¼ lb. 25c.

475 **FRENCH BREAKFAST**—A favorite everywhere. Early, olive shaped, red with white tip. Crisp, tender, mild. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c.

476 **SCARLET TURNIP WHITE TIP**—Grows to 1½ inches in diameter without getting pithy and bitter. Crisp, tender, sweet. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c.

477 **WHITE ICICLE**—Generally considered the finest of all radishes. Long white roots which stay crisp and mild a long time. Very tender and finest quality. See page 61. Pkt. 5c; 1 oz. 10c; ¼ lb. 25c.

SPINACH

478 **NEW ZEALAND**—This variety gives you fresh, tender greens all summer. The more you cut, the more it grows. See page 61. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c; 1 lb. 85c.

479 **SAVOY BLOOMSDALE**—This is the earliest spinach. Very hardy so can be planted real early. Some plant in the fall. Large leaves are curled and crinkled, rich deep green. Pkt. 5c; 1 oz. 10c; ¼ lb. 20c; 1 lb. 65c.

480 **MUSTARD SPINACH OR TENDERGREEN**—A quick growing home garden green that withstands heat and drouth. Combines flavors of mustard and spinach. Leaves are oblong, broad and fairly smooth. Pkt. 5c; 1 oz. 15c; ¼ lb. 45c.

SAGE

481 **SAGE**—A useful herb for seasoning. Pkt. 5c; ½ oz. 15c.

SALSIFY

482 **MAMMOTH SANDWICH ISLAND**—One of the most nutritious and most delicious vegetables, with a decided oyster flavor. Looks like a parsnip and keeps in the ground over winter but should be dug in early spring before growth starts. Pkt. 5c; 1 oz. 20c; ¼ lb. 50c.

Chicago Hubbard

SQUASH

483 **CHICAGO WARTED HUBBARD**—Most popular winter squash. Keeps all winter. Pkt. 5c; 1 oz. 15c; ¼ lb. 40c.

484 **ACORN, TABLE QUEEN**—Finest quality of all. Just right size to cut in half for serving. Shell is thin, baking in 20 minutes. Dark green color changes to bright yellow after storing. Good keeper. Yields enormously. Pkt. 5c; 1 oz. 15c; ¼ lb. 40c.

485 **EARLY WHITE BUSH (Patty Pan)**—Very popular summer squash. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c.

486 **EARLY YELLOW BUSH**—Bright yellow flesh of choicest quality. Pkt. 5c; 1 oz. 10c; ¼ lb. 30c.

TOMATOES

489 **EARLIANA**—Most popular extra early. Medium size, bright red. Pkt. 5c; ½ oz. 20c; 1 oz. 30c.

490 **GENUINE GIANT PONDEROSA**—Our selected strain produces fruit of immense size and smoother than most strains. Nearly seedless, very solid, fine flavor. Pkt. 5c; ½ oz. 25c; 1 oz. 45c.

491 **GREATER BALTIMORE**—Large, firm, smooth tomatoes of deep scarlet red. Very productive and bear over a very long period. Extra fine for canning. Pkt. 5c; ½ oz. 20c; 1 oz. 30c.

492 **MARGLOBE**—Produces large, smooth, beautiful globe shaped, deep red tomatoes in enormous quantities. Very popular. Wilt resistant. Pkt. 5c; ½ oz. 25c; 1 oz. 45c.

493 **OXHEART**—Very large, often weighing 2 pounds. Almost seedless, solid, fine sweet flavor, pink. Especially fine for slicing. Pkt. 10c; ½ oz. 45c; 1 oz. 75c.

494 **PRITCHARD SCARLET TOPPER**—A new self-topping disease resistant tomato that is rapidly becoming very popular. Medium size fruit, fine, smooth, globe shaped, rich red color outside and inside. Does not crack. Especially fine flavor. Yields very heavily. One plant will bear 70 to 80 tomatoes. Pkt. 10c; ½ oz. 30c; 1 oz. 50c.

495 **YELLOW PEAR**—Pear shaped yellow preserving tomato with a delicious flavor. Pkt. 5c; ½ oz. 30c.

INTER-STATE FLOWER SPECIAL

Hardly seems possible, does it? But it is. And moreover you will get the flowers all thru the season from spring till frost, beautiful, bright and fresh every day right in your own garden. Just think of it, 12 FULL SIZE PACKETS for only 50c (regular price \$1.07). These 12 packets contain over 6000 seeds. Under just average conditions you should get 50,000 flowers during the season. Many will get 100,000 and more.

These are the most popular flowers, the kinds everybody loves and plants. The packets are our regular full size packets just exactly the same as though you paid the regular price of \$1.07 for them. These seeds are the finest improved strains—the Giant Dahlia Flowered Zinnias direct from Bodger's, the greatest Zinnia hybridizers in the world and this is their latest and best strain; the newest and finest Wilt Resistant Asters; the brightest colored Larkspur and Phlox; the sensational Orange Flare Cosmos, the 1935 Gold Medal All-America winner. In fact every flower from the low growing brilliant double Portulaca to the 3 to 4 ft. stems of gayly colored Larkspur will thrill you.

Now every home, large or small, in city, town or country can be surrounded with beautiful flowers. We believe that this collection will do more to make Homes More Beautiful thruout America than anything we have ever done. It is our sincere answer to requests from those who want beautiful flowers but must make every penny do double duty. We make only one request. When your neighbors and friends admire your beautiful garden, please tell them you got the seeds from Inter-State.

Dollars and Cents
to You

Have you ever been in a city department store just before Christmas? That is just the way it is here with us in the spring. Thousands of orders coming in every day. Working day and night to get them out. Now folks, what we want to do, is to get some of you to *send in your order earlier*. And WE ARE GOING TO PAY YOU FOR DOING IT.

On seed orders of \$1.00 or more, which reach us not later than March 20th, 1936, we will give you 20% extra in seeds, your choice, whatever you want. However this extra 20% cannot be given on De Luxe Collection on page 52, Home Garden Collection on page 61 or the Inter-State Flower Special on this page. These three collections are priced so low that we simply cannot give this extra 20% with them. But on all other seeds, flower or vegetable, in packets, ounces or pounds, you get the 20% extra.

50,000 Flowers for 50c

Here is what you get in this
wonderful collection

1 Full Size Packet each of the following:

ASTERS—Wilt Resistant
COSMOS—Orange Flare
LARKSPUR—Annual Mixed
MARIGOLD—Giant Mixed
NASTURTIUM—Golden Gleam
PANSY—Giant Superb Mixed
PETUNIA—Single Mixed
PHLOX—Annual Mixed
PORTULACA—Double Mixed
SWEET PEAS—Spencer Mixed
VERBENA—Mammoth Mixed
ZINNIA—Giant Dahlia Flowered

All 12 Full Size Packets only
50c Postpaid
(regular price \$1.07)

When you have made up your seed order, just add it up (except you do not add the price of the three collections as mentioned before). Then take 20% of the total amount and pick out the seeds you want for this extra amount, free. If your order amounts to \$1.00, you get 20c worth extra. If it amounts to \$2.00, you get 40c worth extra; if it amounts to \$2.50 you get 50c worth extra, etc. The more you buy, the more you get free. And every bit of it full weight packets, tested seeds, guaranteed to grow.

We want your seed orders and we would like to get them early. It helps us because it spreads our seed orders over several months instead of all coming in about one month. It helps you because you not only get the 20% extra but you get your seeds early and when the time to plant comes, YOU HAVE THE SEEDS RIGHT THERE READY FOR PLANTING.

When you make out your seed order, please use the seed order blank on other side. Then your seed order goes right to our seed department and Mr. Russell Rulon, manager of the seed department, sees that it is filled and shipped right away. If the seeds and nursery stock are on the same sheet, it has to go thru our general office and be separated. When you multiply one order by many thousands, then you can see why if the seeds and nursery stock are on separate sheets, we can give you quicker service. Thank you.

Of course the important point for you to remember is, that INTER-STATE SEEDS ARE THE BEST MONEY CAN BUY. We absolutely guarantee them to grow in your garden or we will replace them free. They are the best improved strains, to produce for you the loveliest flowers, the finest vegetables. Also you will find lots of seeds in our packets, more than many firms put in their packets. Our low prices are possible because we sell DIRECT TO YOU and because we believe in large volume of sale at a small margin.

Remember that with every seed order of \$1.00 or more you get FREE 1 FULL SIZE PACKET OF FANTASY ZINNIA (worth 15c). This is in addition to the 20% mentioned above. Even if you order after March 20, so you do not get the 20% extra, you still get the Fantasy Zinnia free with ever order of \$1.00 and up.

Please note this 20% extra is only on seed orders as mentioned above and DOES NOT APPLY ON ORDERS FOR NURSERY STOCK

2 Collections
for \$1.75

Delphinium, Cliveden Beauty—We consider this the finest light blue. The flowers are large, a most beautiful clear light azure blue. Blooms very freely, producing several fine crops of flowers during the summer. Grows 3 to 4 feet tall. Each 25c, 5 for \$1.00, Postpaid

Delphinium, Dreams of Beauty—This strain is a cross of the finest English Delphiniums with native species, creating a plant which will live and grow where the straight English strains will not live but a few months. It is the largest, most perfect and most disease resistant strain of hybrid delphiniums so far produced. Immense flowers of exceptionally beautiful colors, from lightest blue to deepest indigo with many shadings of pink. Each 35c, 4 for \$1.00, postpaid.

Delphinium, La Martine—This is probably the greatest bloomer of all delphiniums, blooming from June until freezing weather. The flowers are rich deep pure blue. Grows 4 to 6 feet tall. Each 35c, 4 for \$1.00, Postpaid.

FLAME

Flame, the Improved Crimson King, is the best of all hardy carnations because—

1. The hardiest, standing 20 below zero here without injury.
2. Blooms freely from June 15th to freezing, often as many as 40 gorgeous flowers open at once.
3. Flowers are larger, a beautiful cerise-crimson.
4. Strong upright stems, 15 to 20 inches tall.
5. Blooms first year. Makes a plant about 2 feet tall and almost as wide. Grows in sun or partial shade.

"Flame" is unquestionably one of the really fine perennials and should be in every garden.

A vision of
beauty. Each
25c.

We wish we could show you these new Iris as they bloom in the Sass gardens. Reds such as the eye of man never saw before; pinks that are recognized as being the world's finest; blends of such beauty they have set the Iris world afire; pure whites; yellows like gleaming gold; blues soft as velvet; royal purple to purple almost black. As you see the flowers, first you would notice the brilliancy and beauty of the colors; then the large size of the flowers; then the tall strong stems; and the vigor and strength of the plants. These pictures give you but a faint idea. In your garden each opening flower will thrill you.

These iris are so superior, so outstanding, that we make this guarantee. When they bloom, if you are not satisfied, you may select from our catalog, without cost, whatever you want equal to what you paid for the iris. All iris are postpaid. For iris "Fans" we issue a special iris list. Write for free copy.
